EGYPT BURIES DEAD — Lt. Col. Zakaria Mohieddin (second from left in uniform) Egypt's Minister of Interior, representing Premier Gama Abdel Nasser, heads procession behind the funeral cortege for three of the victims of the El Auja battle with Israeli forces. It was reported that the crowds lining the streets displayed extreme emotion during the funeral. Meanwhile, Israel accused both Egypt and Jordan of two new attacks inside Israeli territory.

Soviet Hints New Offer On German Unity, Disarming

GENEVA (P) — New Soviet offers on German unification and disarmament were hinted by Russian officials here Monday night as the Big Four powers reached virtual agreement to hold another conference in Geneva next spring.

The present slow-moving foreign ministers' parley—recessed 5 out of 12 days—will resume Tuesday when Russia's V. M. Molotov flies back from consultations in Moscow. The only uncertainty about the next conference apparently is the date—March or April.

Molotov's diplomatic lieutenants, who remained behind in Geneva, guardedly indicated these moves are under consideration:

1. A softening of Molotov's opposition to free elections in reunifying Germany. But the Soviets still demand a unified Germany bound to complete neutrality, and propose a unification process by gradual stages which would preserve the Sovietized institutions of East Germany. Free elections would be the last step—not the first, as the Allies demand.

2. An approach toward acceptance in principle of President Eisenhower's proposal for American-Russian exchange of military blueprints and aerial inspection. But the Russians have no intention of accepting the President's timetable for the proposal. He offered it here last July as something the two powers could put into operation immediately as a prelude to a general agreement on disarmament. The Russians won't separate it from their declared aim of outlawing and abolishing atomic weapons.

Chagrin and embarrassment were apparent in Russian quarters here Monday after U. S. Secretary of State Dulles' statement made with agreement of President Tito of Yugoslavia that Soviet European satellites should regain their independence.

As a propaganda blow, this was the heaviest that the Soviets have suffered here.

U.N. Okays Group To Study Effects Of A-Radiation

UNITED NATIONS, N. Y. (P) — U. N. members voted unanimously Monday night to set up a 15-nation scientists' committee for a worldwide study of how atomic radiation affects man. They overrode U. S. efforts to keep it from having anything to do with Communist China.

The General Assembly's 60-nation Political Committee, excepting only absent France, solidly backed an eight-nation Western resolution calling for such a group to collect reports from governments on atmospheric radioactivity and its effects.

The United States, which proposed the investigation, sought to limit the committee to 11 countries and the scope of its work to the 84 nations in the U. N. and its specialized agencies.

But 20 Latin-American nations pushed through an amendment to add four more countries to the group, and India put over another calling on "all states concerned" to give information to it. The latter change would throw the study open to Communist China. The vote on the Latin-American amendment was 48-0, and on the Indian, 25-22.

Under the resolution in its final form, scientists, alternates and consultants named by governments to the committee would collect, compile and evaluate information and draw up yearly progress reports with a summary by July 1, 1958.

Was On Roof At Time Woodward Was Shot Prowler Tells Police

MINEOLA, N. Y. (AP) — A prowler admitted Monday he was blundering noisily atop Mrs. Ann Woodward's bedroom roof at the very moment she shot her husband to death. She had blamed a strange noise for her panicky gunfire.

The prowler, Paul W. Wirths, was quoted by police as saying he broke a tree branch, wrestled noisily with a door and dropped a loaded shotgun over Mrs. Woodward's bedroom early on the morning of Oct. 30.

38th Anniversary Of Bolshevik Revolution Noted

MOSCOW (P) — The Soviet Union celebrated the 38th anniversary of the Bolshevik Revolution Monday with mild words and a mild show of its military might.

Defense Minister Marshal Georgi K. Zhukov set the tone of the giant ceremonial parade with a mild address that made no mention of "capitalist threats," or "U. S. aggressors."

The parade itself played down military aspects. There were an estimated million demonstrators, some carrying banners extolling the virtues of communism and calling for friendship between the nations of the world.

The arms demonstration took a brisk 20 minutes, the shortest exhibition Western observers have witnessed on this greatest of Soviet holidays. No new guns, armor or aircraft were displayed.

Westerners interpreted the unusually peaceable nature of the proceedings as an attempt to support Russia's friendly "new look," possibly with an eye to the Big Four foreign ministers' conference in Geneva.

Zhukov hailed Soviet efforts to lessen international tension, lauded the progress of Soviet agriculture and industry, and ended his 10-minute speech with a declaration that the "Soviet people are marching toward construction of communism."

GOOD NEIGHBORS HARVEST CROP

WANHAM, Alta. (P) — Otto Lipinski didn't have to worry long about his ripening 125-acre crop while he was in a hospital. Twelve neighboring farmers, using seven combines, moved in and harvested it for him. Then the volunteers had a chicken dinner prepared by women of the district.

Heart Disease Takes Four U.S. Laborers To One Executive

CHICAGO (P) — The unskilled laborer in the United States is nearly four times as likely to develop heart disease as is the hard-driving executive, a study of Chicago's 1953 deaths indicated Monday.

The surprising finding — the reverse of conditions prevailing in cities in England, Italy and Spain — was reported to the American Society for the Study of Arteriosclerosis.

Dr. Jeremiah Stamler, assistant director of the cardiovascular department, Medical Research Institute, Michael Reese Hospital, gave this report:

Chicago's white males in 1953 had an over-all death rate from heart disease of 75 per 100,000 population. However, the death rate among professionals and executives was only 56, compared with 193 for laborers.

The study showed that white females were far better off than males, with a death rate of 17. This rate jumped to 81 for Negro females and 128 for Negro males.

His revised story appeared to support Mrs. Woodward's claim that a noise in the night led to the accidental shooting of 35-year-old William Woodward Jr., multimillionaire owner of the great race horse Nashua.

Detective Inspector Stuyvesant Pinnell quoted Wirths as saying he heard the roar of Mrs. Woodward's shotgun. The 22-year-old German refugee added:

"It sounded like a cannon. I didn't wait. I got the hell out of there."

Mrs. Woodward said her nerves were on edge because of her "fearful dread" that the prowler would return and invade her home. He already had broken into a swimming pool cabana and the six-car garage on the Woodward's 60-acre Oyster Bay, N.Y., estate.

The beautiful 39-year-old blonde told police she fired blindly into a darkened hallway outside her bedroom when she awakened in the night and heard a noise. She had taken a loaded shotgun to the bedroom with her when she retired.

Woodward was standing nude and unarmed in the door of his own bedroom, directly across the hallway from his wife. One charge from the shotgun caught him in the head and killed him.

Mrs. Woodward has been confined to Doctors Hospital in New York since the shooting, under treatment for shock and hysteria. Her doctor said she should be able to leave before the end of the week.

Meanwhile, the filing of Woodward's will was put off until Mrs. Woodward's release. It was to have been filed Monday. Under state law, she is entitled to at least one third of Woodward's estimated 10-million-dollar estate. Their two sons, 11 and 7, also are expected to share in the fortune.

Police claim to have found nothing to contradict Mrs. Woodward's story that she shot her husband by accident. However, an investigation still is continuing and a grand jury is expected to make a final decision on whether or not it was an accident.

Cook Sheriff Asks Investigation Of State Police Chief

CHICAGO (P) — Sheriff Joseph D. Lohman Monday proposed a grand jury investigation of the activities of Phil M. Brown, superintendent of state police.

Lohman said Brown is not above conniving "with . . . illegal elements in order to be able to make himself look good."

The sheriff's statement followed an announcement by Brown that state police would make gambling raids in eight counties where the state official said law enforcement was lax. Cook County was among the local jurisdictions where Brown said his troopers would make raids without consulting with county or local law enforcement officials.

Lohman and most Cook County officials are Democrats. The state administration is headed by Republicans.

Lohman said he will ask State's Atty. John G. Giltner to take Brown before the Cook County grand jury. He released a file of letters from Brown, commenting:

"This correspondence gives good reason to the people of Cook County, and the grand jury to investigate this matter to determine whether or not in fact this is misfeasance."

In the letters, Brown listed 59 places in Cook County where he said he suspected gambling.

Lohman said his deputies raided some of the places and found nothing. Lohman asked why Brown's troopers had not raided the places. "All he is doing is passing the buck," Lohman said. "He has repeatedly indicated that his sworn officers have seen, or are in knowledge of violations of the laws, but they have not discharged their duty. If he had been sincere, he would have brought about the enforcement of these laws."

Five Women Drown When Car Skids On Ice Into River

MINNEAPOLIS (P) — A car skidded across an icy highway into the Minnesota River Monday and turned into a watery tomb for five Minneapolis women en route home from a dancing party.

The five, friends of long standing, drowned in the frigid waters after their car plunged down a 20-foot embankment.

A sixth occupant, Donna Mae Willis, 24, Minneapolis, fought free from the submerged car and was guided to safety by four St. Paul youths who were first to arrive at the scene.

William Mathias, 24, St. Paul, jumped into the icy water fully clothed, and a friend David Swanson, 24, St. Paul, stripped to his shorts and followed to make rescue attempts.

Another rescuer, John Settergren, 22, a freshman at St. Thomas College, stripped off his clothing and dove four times into the dark waters.

Each time he rose with one of the victims in his arms, but an hour's efforts by volunteers on shore failed to revive them. The fifth victim was brought to the surface when the car was pulled from the water.

Dead are Margaret Miskowicz, 20; her sister, Delores, 28; Ruth Ann Pulkraab, 21; Carol Ann Krasick, 21, and Ann Mairs, 26, owner of the car.

The mishap happened moments after the women left the River Road Club near here at 1 a.m. closing time.

Newsman Charge U.S. Suppresses Information

WASHINGTON (P) — Some of the nation's top news specialists told Congress Monday that information about government activities is being suppressed or "managed" to an extent that seriously impairs the public's right to know what is going on.

This was the unanimous verdict of a dozen editors, publishers, writers and others who gave informal testimony as a House Government Operations subcommittee opened an inquiry into freedom of information.

Chairman Moss (D-Calif.) promised "a long, hard look" at the amount of information available from the executive agencies for both the public and its elected representatives.

James B. Reston, chief of the Washington bureau of The New York Times, told the committee news suppression is not the only problem—that "a growing tendency" by government officials to slant or "manage" news may in the long run do more harm.

For example, Reston said, a "considerable effort" was made by United States officials at the Big Four conference in Geneva last summer to give "an optimistic flavor" to conference developments—although later the word went out that "it might be a good idea to frown a little."

Outlaw Segregation In Recreational Areas

Can't Court-Martial Civilians For Crimes Committed In Service

WASHINGTON (P) — Ex-servicemen cannot be subjected to military trial for crimes committed while in service, the Supreme Court ruled Monday.

By a 6-3 vote, the court struck down a key provision of the 1950 Uniform Code on Military Justice. It permitted the armed forces to put civilians back into uniform and court-martial them for serious crimes occurring before their discharge.

The ruling, with potential implications to millions, applied to Robert W. Toth of Pittsburgh. As a result, the Air Force cannot bring Toth, an honorably discharged veteran, to trial for the slaying of a South Korean civilian.

The decision was expected to have a direct bearing on the fate of three turncoat GIs arrested at San Francisco last July 29 under the code of military justice. The trio—Otto G. Bell of Hillsboro, Miss., William A. Cowart of Dalton, Ga., and Lewis W. Griggs of Jacksonville, Tex.—are now held by the Army at Ft. Baker, Calif.

The three were captured by the Communists in North Korea and while held prisoner were said to have betrayed this country by informing and aiding the enemy in exchange for favored treatment. They later rejected the Reds and came home.

When the three first elected to stay in Red China, Secretary of Defense Wilson designated them as deserters. Then, in January 1954, Wilson ordered them dishonorably discharged.

Justice Black, who spoke for the court majority Monday, said Congress exceeded its constitutional authority in enacting legislation to subject civilians like Toth to trial by court-martial. He said:

"They, like other civilians, are entitled to have the benefit of the safeguards afforded those tried in the regular courts authorized by Article III of the Constitution."

During congressional consideration of the Uniform Code of Military Justice, some argued for giving federal civil courts jurisdiction to try civilians for crimes committed while in service.

"It is conceded that it was wholly within the constitutional power of Congress to follow this suggestion and provide for federal district court trials of discharged soldiers accused of offenses committed while in the armed services," Black wrote. "That concession is justified."

The decision left the way open for Congress to provide for civil, instead of military trials in cases such as that of Toth. Such legislation, however, could not be made retroactive to include offenses (Continued on Page Eleven)

Ike Goes East Friday; Political Future Still Hazzy

DENVER (P) — President Eisenhower will leave the hospital for Washington Friday — but two of his doctors said Monday it will be "late January or February" before he can decide on trying for a second term.

Dr. Paul Dudley White and Maj. Gen. Howard M. Snyder told a news conference Eisenhower's mending heart must be "exposed to considerably more strain" before the President can decide on his "physical future and whole life."

That did not rule out the possibility that Eisenhower already may have made up his mind on seeking or foregoing another four years in the White House. But White and Snyder said the President had given them no inkling on that.

White, the eminent Boston heart specialist, Snyder, Eisenhower's personal physician, and other doctors who have been attending the President since his Sept. 24 heart attack appeared at the news conference after thorough, lengthy examinations of the chief executive Sunday and Monday.

However hazy the political future might be, White said that he had "only good news again" on Eisenhower's physical condition at this point. And he added:

"We have all, myself included, decided that Friday, in the morning, Nov. 11, will be the time for his takeoff here. So he will arrive in Washington in the afternoon."

Then, he said, the President plans to go on to his farm at Gettysburg, Pa., next Monday to celebrate Mrs. Eisenhower's 59th birthday.

To a question whether he would run again if he "were in the President's shoes," White replied that "I haven't enough information yet."

Police Seek Bank Robbers Who Held Cashier All Night

HEBRON, Ind. (P) — A bank robber and his blonde girl friend who held a bank cashier, forcing him to accompany them, robbed the Citizens Bank of Hebron of \$3,000 and kidnaped the cashier were sought in Chicago Monday night.

The couple fled from Hebron in a car belonging to Robert McGinley, 60, the bank cashier, forcing him to accompany them. McGinley escaped from the car near Frankfort, Ill., after the couple had eluded a police net in Indiana.

The car was found Monday afternoon abandoned in Matteson, Ill., about 25 miles south of Chicago and 8 miles east of the point where McGinley leaped from the car as it slowed for a truck. Rapid commuter rail service is available from Matteson into Chicago.

Indiana state police, sheriff's officers and FBI men converged on Hebron after the bandits drove out of town about 8 a.m. Monday. The search moved to the Chicago area after McGinley escaped his captors.

26,000 Shoe Workers Involved In Two Strikes

ST. LOUIS (P) — A general strike against the International Shoe Co. began Monday and a strike against the Brown Shoe Co. was called for 7 a.m. Tuesday.

The workers involved in the two strikes, totaling more than 26,000, are members of the AFL Boot & Shoe Workers and the CIO United Shoe Workers. The companies are two of the largest in the industry.

The strike against International Shoe closed 39 plants in Missouri, Illinois, Arkansas and Kentucky. Company officials estimated 17,000 workers were off the job and said scattered reports indicated a few workers were crossing picket lines. Twelve plants, where the employees are non-union, remained in operation.

Twelve States Hold Elections; Politicos Watch For Trends

By THE ASSOCIATED PRESS — Off-year elections Tuesday in 12 states feature contests for governor of Kentucky and mayor of Philadelphia, and an Ohio referendum to make operative a supplemental layoff pay plan for the auto industry.

Unless the Democratic candidates suffer unexpected defeats in the Kentucky and Philadelphia voting, political leaders see little chance for the combined opposition of Gov. Lawrence Wetherby's state organization and Sens. Alben Barkley and Earle Clements, who backed Bert T. Combs. However, Wetherby and the senators have said they are supporting Chandler.

Intensive "grass roots" campaigning by both sides is expected to bring out 70 to 75 per cent of the slightly less than one million eligible voters in Philadelphia's mayoral election. Richardson Dilworth, veteran Democratic campaigner, is opposing Republican W. Thacher Longstrech, 35-year-old advertising executive. In the 1951 election, Democrats captured the post, ending 67 years of Republican rule.

The Ohio referendum proposal would meet the main condition of putting into effect next June 1 the auto industry agreement under which employers would augment state unemployment compensation payments to give a jobless worker 60 to 65 per cent of his usual take-home pay.

'Separate But Equal' Doctrine Swept Aside

WASHINGTON (AP) — The Supreme Court Monday seemingly sounded the death knell for racial segregation in all places supported by public funds.

In separate, unanimous actions the court affirmed a decision holding racial segregation illegal in public parks and playgrounds, and ordered Negroes admitted to public golf courses.

This, in effect, swept away whatever remained of the historic "separate but equal" doctrine as applied to tax-supported facilities.

The major blow to that doctrine, of course, came in the court's unanimous decision in May 1954 holding segregation in public schools unconstitutional.

Until then, the "separate but equal" doctrine, originally laid down in 1896, had largely governed the legality of segregation in tax-supported facilities. It meant that segregation was permissible when separate but equal facilities, such as schools, were provided for different races.

Using only 11 words, the high court affirmed a decision by the U. S. Court of Appeals in Richmond, Va., that segregation in public parks and playgrounds is illegal. All the court said was: "The motion to affirm is granted and the judgment is affirmed."

The Richmond tribunal had said the separate but equal doctrine for white and Negroes was dead.

The Supreme Court took only 58 words to reverse decisions by two lower courts upholding segregation in city-operated golf courses in Atlanta, Ga.

The lower courts—U. S. District Court in Atlanta and U. S. Circuit Court in New Orleans—had taken the view that the separate but equal doctrine still could be applied in public recreation.

In reversing the lower courts, the Supreme Court directed that an order be issued granting Negroes admission to Atlanta's public links.

In Atlanta, city officials declined to express any opinion about the court's ruling or say what they would do, pending further study.

Georgia's attorney general, Eugene Cook, an ardent segregation advocate said Monday's decisions amount to another step in what he called a campaign to bring about intermarriage of the races.

The Supreme Court now has before it a case testing the validity of a Virginia law that bans interracial marriage.

The Richmond appellate court ruling affirmed Monday specifically applied to public beaches and bath houses operated by the city of Baltimore and the state of Maryland. The city and state jointly had asked the highest court to overturn the decision.

Alternatively, the city and state had asked the court to give instructions on how and when to end park and playground segregation. This plea the court ignored, leaving the question in the hands of lower courts. This is the same method the high court used in ordering an end to racially segregated public schools.

The court's decisions do not apply to privately owned recreational facilities.

THREE KILLED AS TRAIN STRIKES TRUCK

LASALLE, Ill. (P) — A crack Burlington Railroad train struck a small truck at a crossing 14 miles northeast of LaSalle Monday, killing the three Mendota men in the truck and scattering the vehicle for more than half a mile along the right-of-way.

Police identified those killed as Alfred Zimmerline, about 45, proprietor of a plumbing and heating shop at Mendota, 16 miles north of LaSalle; Ken Zimmerline and Leon Taylor, 24.

The crossing where the Burlington Zephyr hit the truck is five miles northeast of the community of Arlington and adjacent to a grain elevator. Police reported that the crossing is marked only by a sign and it was obscured Monday when the Zimmerline truck approached by a larger truck pulling into the elevator.

NEW HEIGHTS ACHIEVED

Unless the chimneys at General Motors' plants suddenly grow cold, this mammoth automaker will establish in 1955 the first one-billion-dollar net profit in America's business history.

For the first three quarters of the year the company made a net of 913 million dollars, already greater than its previous year-long total of 834 million achieved in 1950. So it can hardly miss.

The significance of this is not simply the evident well-being of General Motors, or even of the motor industry. What it conveys is the health and, more importantly, the growth of the whole United States.

In the pinched days of the 1930's, when we talked of a limited and "maturing" economy, the man who forecast a billion-dollar profit for any company would have been laughed off.

ASTONISHING ACHIEVEMENT

With United Air Lines ordering 30 jet transports and thus adding to the growing swing toward jet-propelled commercial aircraft, we might take this time to bow respectfully toward the researchers and industrialists who have made this development possible.

Jets, of course, came into military use near the close of World War II, and since have become a commonplace in military circles. Because they have been around for some time, we perhaps have been a little too casual in appreciating the labor that has gone into them.

Jet engines are remarkable power plants. Adm. DeWitt Ramsey, president of Aircraft Industries Association, points out that it would take 25 steam engines of 3000 horsepower each to match the full power of the six jets on a 600-mile-an-hour bomber. Yet the bomber weighs only a hundredth as much as one steam engine.

Only great engineering talent plus large sums of money judiciously invested could produce such results. To the engine makers, all credit. They have given America its chance to lead the world in the newest and possi-

Critical Teen-Ager Prepares Self (and Us) for New Life

BY MRS. MURIEL LAWRENCE

On Wednesday, we purchase a blouse for our high school junior. She doesn't like it. On Saturday, at her request, we return to the store with her to get a refund.

The salesclerk who served us isn't in. Her supervisor says we'll have to wait for our refund until Monday. But our high school junior has made clear her immediate need of it to buy another blouse she can wear tonight.

So we say we can't wait, and the supervisor joins us in one of those routine merchant-customer arguments we both know will end in production of our refund.

Happily, innocently at the credit desk, we hand it over to the child who's pressed us to get it. For a moment we do not register a certain coldness in her acceptance. Then we do. It hits us.

We realize that our high school junior is regarding us with the reclusion usually reserved for worms in apples. She says with icy distaste, "Really, Mother, did you have to make a scene? I didn't know you'd have to embarrass me to death to get this money back."

Our high school junior is as heartless a perfectionist as any Puritan who ever frowned on everything.

She or he—it doesn't matter—can tolerate in us no weakness, no backsliding of any kind. Our relationship with the laundry man must be a model of friendly cooperation. Never must our choice of TV programs, political views, bath towels or favorite relatives fall short of our high school junior ideal for them.

The awful thing is, they do. No matter how we struggle to conform, our behavior disappoints. So around our high school junior life takes on a certain gloomy suspense.

Then we pull ourselves together. We look at our high school junior struggling for birth into adult identity—and see that she can no more help pecking holes in us than a chick can help pecking them in the shell that's nourished her. We realize that the hurts she gives us are preparing her for new life.

What we don't realize is that they are preparing us, too.

For we don't like being hurt. If we're wise, we register it. We see that life is using this reality to make the coming separation between us and our high school junior easier.

Though we accept our love for her, we also begin to accept the possibility that we can live without her. And we turn with increased love and appreciation to our contemporary—the father of our high school junior.

Boyle's Column

By HAL BOYLE

NEW YORK (AP)—Today's success story:

In the humming world of Rockefeller Center, one of America's busiest cities within a city, Louis Falsetti is a more familiar figure than John D. Rockefeller, Jr., or his five sons.

"Louie"—or "Luigi" as many of his clients call him—came to the United States 50 years ago as a boy of 15. Since then he has shined an average of 50 pairs of shoes a day, or about 650,000 shins.

His most memorable customer was President Harry Truman, who took his shine standing up during a morning walk, paid 25 cents and said, "Thank you."

"He was a very good man—I always admired him," recalled Louie, who doesn't go into politics but puts an equal glow on Democrats and Republicans alike.

Louie, who says "with me business is always looking up," has raised two children.

At the age of 18 Louie's father took him back to Italy.

"They paid me 15 cents a day to carry rocks for a building," Louie said, "and I told them if I could only see America again I would never see Italy again."

After four months Louie did come back to the United States, became a citizen and never has returned to Italy.

"I still don't want to go back," he said. "I have nobody there any more—only my three nephews and my sister-in-law."

"When I saw the Statue of Liberty when I came back I said this was God's country, and I still say all the time God bless America. I don't say this because it is the thing to say, but because this is the best country to live in."

About his sons Louie is proud. One is a salesman, one works for a steel company.

"I don't mind shining shoes," he said, "but I don't want my sons to have to."

"It is the thrill of my life to work. I like to mingle with people. You may not learn an awful lot shining shoes, but you do hear a lot."

Louie usually hums an Italian operatic aria as he moves from office to office, carrying his shine kit and knee pad.

"When Caruso was alive I knew more songs," he said. "I used to see more opera then. Now I am married, the expense is more high and I have to watch out for the dollar. It is 15 or 16 years now since I have been to the opera, but I still remember the melodies. I carry them in my head always."

Louie, who is 5 feet 5, and combs his gray hair sideways across the top to split the bald spot, underwent a serious throat operation last March. He was off work three full weeks, the longest absence of his life, and hundreds of his clients missed him.

"They sent flowers, wine and books to the hospital," said Louie. "But they didn't miss me. They missed my shine. Without me where could they go and get a good shine? I always bring a good shine to them."

Louie feels better now. He's worked back to his 50 shines a day schedule.

"Life is very good," he said. "But you stand on your knees all day and by night you are tired."

Maybe Louie also becomes weary because of the number of his clients who depend on his constant, gallant good cheer to refurbish their spirit as he brightens their shoes.

Above all, Louie, who never went to war, is a soldier. He has gone to the same old battlefield daily, year after year, and at 65 still flies his flag in his smif and never cries for help.

Fresh Squash Pie Right For Thanksgiving Dinner

BY GAYNOR MADDOX

NEA Food and Markets Editor —Fresh squash pie for Thanksgiving—served with hunks of rich American Cheddar cheese! Good idea? Well, Mrs. Ike Griffin from the Rocky Ford section of Colorado, a rich farming area, gave us her recipe. She's a noted cook, and, being the wife of an onion grower and shipper, has fine recipes for onions, too.

Fresh Squash Pie (Yield: 6 servings)

One cup sugar, 1 tablespoon flour, 1 teaspoon salt, 1 teaspoon ground ginger, 1 teaspoon ground cinnamon, 1 teaspoon ground nutmeg, 1 teaspoon ground cloves, 2 cups mashed cooked fresh yellow squash, 3 eggs, 1 cup light cream or unadulterated evaporated milk, 9-inch unbaked pie crust.

Combine the first 7 ingredients. Stir in mashed squash. Beat in eggs. Gradually add cream or evaporated

milk. Pour into a 9-inch pie plate lined with unbaked pastry. Bake in a preheated hot oven (400 degrees F.) 50 minutes or until a knife inserted in the center comes out clean.

Onions Fiesta (Yield: 6 servings)

One and one-half pounds small white onions, 1-inch boiling water in saucepan, 1 beef bouillon cube, 1 teaspoon salt, 1 teaspoon ground white pepper, 3 tablespoons butter or margarine, 1 tablespoon chopped pimiento, 1 tablespoon fresh parsley.

Peel onions and place in a saucepan along with boiling water and beef bouillon cube. Bring to boiling point. Boil 5 minutes. Remove from heat and drain. Add remaining ingredients and toss lightly.

TOMORROW'S DINNER: Boiled tongue with curried raisin sauce, baked sliced potatoes, onion fiesta, head lettuce with fresh tomato mayonnaise, bran muffins, butter or margarine, fresh squash pie, coffee, tea, milk.

BY PETER EDSON
NEA Washington Correspondent

WASHINGTON (NEA)—Thoroughly alarmed by the political dangers of sagging farm prices, the Republican administration is now planning to spend hundreds of millions of dollars to win back the farm vote.

This is the real significance of the six-point supplementary farm program announced by President Eisenhower at Denver after his conference with Secretary of Agriculture Ezra Taft Benson.

Politically, this new Republican farm program has the effect of being a counterproposal to offset the stand taken by Democratic leaders Adlai E. Stevenson, Gov. Averell Harriman and others in favor of 90 per cent price supports.

SO WHILE SPOKESMEN for both parties may deny it, the race is on to see which party can promise farmers the most. It is a shameful bid by both to buy the farm vote. That this rivalry comes a year ahead of next election day is a record.

It is the decline in farm income and the rise in the cost of things farmers buy that spark this early political auction. Republican leaders realize they can't afford to sacrifice a single congressional seat next year—even for a principle.

Details of the new Benson program will be unfolded gradually. The plan to buy canned pork meats, cured hams and lard is merely a first step. The plan to buy surplus U. S. sugar is second. The full program won't be known until Congress reconvenes in January.

SOME ADMINISTRATION OFFICIALS believe that the Secretary of Agriculture has ample authority under present law to put new policies into operation. Benson himself does not think so. He will therefore wait on congressional approval before getting too far out on a limb.

Any new program requiring additional money will, of course, require a congressional appropriation. This year Congress thought the secretary didn't ask for enough money and forced more on him. What Congress will do with new farm legislation if present law is thrown open for amendment is anybody's guess.

The grand total of all money available to the Department of Agriculture this year is, in round numbers, a staggering 3.7 billion dollars. It includes a 2-billion-dollar increase to 12 billion dollars for crop loans and 388 million dollars for electrification and farm home loans.

It also includes 30 per cent of all customs receipts, an estimated 195 million dollars for purchasing temporary surplus perishables that affect the market. The 85-million-dollar pork purchase money comes out of this.

The Department of Agriculture's other programs get 787 million dollars in direct appropriations for this year.

UNDER THE NEW PROGRAM, the 98-million-dollar research program will be stepped up by an as yet unknown amount.

The 295-million-dollar soil and agricultural conservation programs will be stepped up. If this involves taking 10 per cent of America's 350 million acres out of production by a subsidy of \$10 an acre, it would cost 350 million dollars more a year.

Expanding aid to low-income farm families can cost as much as Congress wants to put into it.

The government now has over seven billion dollars' worth of surpluses. This includes 26 billion dollars' worth of wheat and 14 billion dollars' worth of corn. Selling this for feed at only a 10 per cent loss would cost three hundred million dollars.

Nobody has estimated the cost of trying to get the "suitcase" farmers out of production on marginal lands in the dust bowl.

But the total cost for this new Benson supplementary farm program could reach one billion dollars.

Crash Teaches a Lesson: Build Cars for Safety

MEMO TO AUTOMOBILE MANUFACTURERS: The next time I buy a car I am going to be only faintly interested in its "long, low lines" whether or not the windows move up and down with the press of a button, the beauty of the upholstery, the ease with which the driver's seat moves back or forward, all those things your salesmen keep talking about.

Next time I buy a car I am going to be looking at just one thing—its safety features.

I am a woman and so you may be surprised at such indifference to the beauty of an automobile.

But I am also the recent victim of a head-on crash. It threw me against the steering wheel so hard that breathing is still painful, then knocked me into the dashboard where a protruding instrument cut a long, deep and ugly gash in my forehead.

IT'S FOR PROTECTION OF OTHERS IN CAR, TOO

I was fortunate in one thing I was driving alone.

But if I should ever again experience that moment of realization, that a crash is coming and then feel that indescribable shock of impact I may not be alone.

And so for the safety of whoever else is in the car as well as for my own protection I want to be driving a car that is as safe in every way as engineering genius can make it.

I don't think I am alone in feeling the way I do. Last year nearly two million persons were injured in automobile accidents. The number this year isn't likely to be less. And it takes just one painful crash to make a driver more interested in the safety of a car than its long, low lines or its two-toned color job, or its fancy upholstery.

In Hollywood

NEW YORK (AP)—Return to the movies? Martha Raye says "I'll never go back!"

There was a touch of bitterness as she said it. Now one of the queens of TV, she knew how it felt to be washed up in Hollywood.

Martha soared to fame with Bing Crosby and Bob Burns in stand taking by Democratic leaders Adlai E. Stevenson, Gov. Averell Harriman and others in favor of 90 per cent price supports.

SO WHILE SPOKESMEN for both parties may deny it, the race is on to see which party can promise farmers the most. It is a shameful bid by both to buy the farm vote. That this rivalry comes a year ahead of next election day is a record.

Fresh Squash Pie Right For Thanksgiving Dinner

BY GAYNOR MADDOX

NEA Food and Markets Editor —Fresh squash pie for Thanksgiving—served with hunks of rich American Cheddar cheese! Good idea? Well, Mrs. Ike Griffin from the Rocky Ford section of Colorado, a rich farming area, gave us her recipe. She's a noted cook, and, being the wife of an onion grower and shipper, has fine recipes for onions, too.

Fresh Squash Pie (Yield: 6 servings)

One cup sugar, 1 tablespoon flour, 1 teaspoon salt, 1 teaspoon ground ginger, 1 teaspoon ground cinnamon, 1 teaspoon ground nutmeg, 1 teaspoon ground cloves, 2 cups mashed cooked fresh yellow squash, 3 eggs, 1 cup light cream or unadulterated evaporated milk, 9-inch unbaked pie crust.

Combine the first 7 ingredients. Stir in mashed squash. Beat in eggs. Gradually add cream or evaporated

milk. Pour into a 9-inch pie plate lined with unbaked pastry. Bake in a preheated hot oven (400 degrees F.) 50 minutes or until a knife inserted in the center comes out clean.

Onions Fiesta (Yield: 6 servings)

One and one-half pounds small white onions, 1-inch boiling water in saucepan, 1 beef bouillon cube, 1 teaspoon salt, 1 teaspoon ground white pepper, 3 tablespoons butter or margarine, 1 tablespoon chopped pimiento, 1 tablespoon fresh parsley.

Peel onions and place in a saucepan along with boiling water and beef bouillon cube. Bring to boiling point. Boil 5 minutes. Remove from heat and drain. Add remaining ingredients and toss lightly.

TOMORROW'S DINNER: Boiled tongue with curried raisin sauce, baked sliced potatoes, onion fiesta, head lettuce with fresh tomato mayonnaise, bran muffins, butter or margarine, fresh squash pie, coffee, tea, milk.

Chest X-Rays To Be Taken In Greene County

CARROLLTON—The state tuberculosis X-ray mobile unit will be in Greene county this month, according to an announcement at the regular meeting of the executive board of the Greene County Home Bureau held in the Farm Bureau hall. The unit will be sponsored by the Greene County Home Bureau and the chest X-rays are free to all who will avail themselves of the privilege.

Whether or not Greene county is on the list for another visit of the mobile X-ray unit depends upon the number of persons who are X-rayed at this visit.

Home Bureau women will assist with the registering for the unit which will be in Greenfield Nov. 14 and 15; Carrollton, Nov. 16 and 17; White Hall, Nov. 18 and 21; and Roodhouse, Nov. 22 and 23.

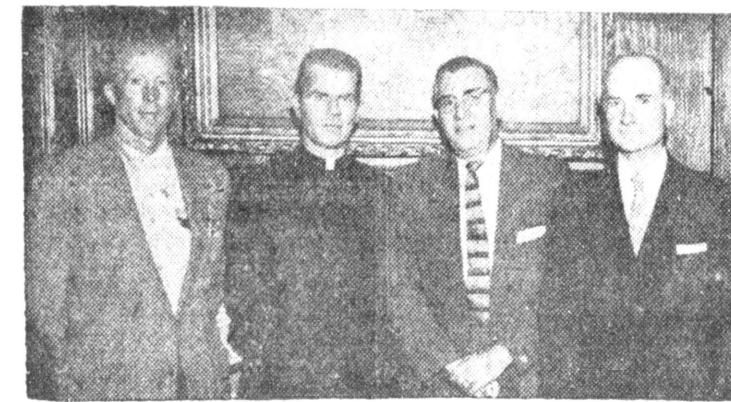

The Home Bureau with the Greene County Farm Bureau is sponsoring the Greene County Health Improvement enrollment in Blue Cross-Blue Shield which opens in the county Nov. 24. The two organizations are also sponsoring the 4-H Club Achievement Program Nov. 7 in Greenfield and the annual 4-H club Recognition banquet which will be held Nov. 21 in the Baptist church in White Hall.

The members of the board will serve two meals next month. One on Dec. 5 at the opening of the Greene County Farm Bureau membership drive and the other at the close of the drive which will be Dec. 8 both in the Farm Bureau hall.

Mrs. D. B. Dixon, the chairman of the annual Holiday Merry-Go-Round held Tuesday in White Hall reported concerning that meeting.

The board members met in all day session Friday and spent the morning cleaning and re-arranging the Home Bureau kitchen after the

Raise Foundation Fund

Intensified support of the Newman Foundation at the University of Illinois was named the major Catholic Activity of the Illinois Knights of Columbus by Harry H. Sonnemaker, State Deputy, following a meeting of the Newman Foundation Committee with the Rev. Edward J. Duncan, director of the foundation.

Pictured at the meeting are, left to right: Francis Manning, Wood River, state chairman of the Newman Foundation committee; the Rev. Edward J. Duncan, S.T.D., director of the Newman Foundation; Harry H. Sonnemaker, state deputy of the Knights of Columbus; Leo J. Powers, Chicago, State Catholic Activity chairman.

The committee met to outline the plans for the 1955 drive for funds among the Knights of Columbus Councils throughout the state to help support the work of the Newman Foundation among the 3500 Catholic students on the campus of the state university.

Grand Knight John F. Hall and the officers of Jacksonville Council are directing locally the fund raising activities for the Newman Foundation. District Deputy Louis E. Gietl, Jr. of Springfield and Diocesan chairman Harry J. Willis of Auburn are assisting the local council.

Put Out Fire On Restaurant Roof

Diners at the Southernaire restaurant on South Main street were served an unscheduled bit of excitement at 12:25 p.m. Sunday, when the fire department was summoned to extinguish a small fire on the roof.

The blaze originated from a transformer which operates the neon sign. Some dry leaves were ignited, resulting in a small blaze. Attracted by the noise of the fire engines, some of the diners went outside to watch the booster line in action while others remained at their tables.

Firemen were called to a lot in the rear of the Illinois College men's dormitory at 2:23 o'clock Sunday morning where papers were burning.

At 10:15 o'clock Sunday night an alarm was turned in from the home of Mary Parker, 203 West Beecher avenue, where a flue burned out without damage.

Junior Class Play At Virginia High Thursday, Nov. 10

VIRGINIA—Mr. Loren L. Mueller of Jacksonville, English teacher in the Virginia High School and assistant junior class adviser, has announced the players who will take part in the class play, "Night of January 16th," which will be presented the evening of Nov. 10 in the high school auditorium.

The subject of the play is a murder trial and an unusual feature is the recruiting of twelve members of the audience to serve as jurors. These members of the jury will not be "planted" in the audience, but will be chosen by lot.

Another unusual feature of this presentation is the style of production. The play will be given in arena style, or what is known as "theatre in the round," which actually takes the actors and actresses down off the conventional stage and out into the midst of the audience. Besides giving the actors a chance to display more realism in their production, it makes the action easier to see by the audience and the lines more audible.

This is a play without a heroine, but Judy Terwilliger has been chosen for the leading part, that of defendant in the murder trial. Nor does it have a hero, the principal male role being that of the prosecuting attorney, which will be taken by Gary Sweatman. The defense attorney is Bill Zillion.

SCHOOLS: YOUR INVESTMENT IN AMERICA

Schools are operated and maintained for the purpose of learning and instruction. Schools try to develop good character, morality, and obedience to the golden rule. Schools try to discover special interests and aptitudes in pupils and

develop them. Schools are your biggest investment.

WHAT I LIKE ABOUT SCHOOL
America couldn't possibly be the great nation it is without schools. At school we not only learn the three R's, but we learn to be good citizens. The teachers are always understanding and ready to help with anything we don't fully understand. Schools will help children of today grow into good responsible citizens of tomorrow.

In our class-room we have the responsibility of getting our lessons done on time. We learn sportsmanship in our physical education class. In school we learn to respect our country as good citizens should. Tomorrow's America depends on today's children.

WHAT SCHOOL MEANS TO ME

To me, school is a place to learn. Not only to learn reading, writing and arithmetic, but a place to learn to live and work with others.

School is a place to learn to grow up, to assume responsibilities, and to make good laws.

Every subject in school helps us in some way. Social studies teaches us to understand other countries and their people; arithmetic to use numbers better; language, to speak better and more politely.

In order to learn these things we should always pay our fullest attention and do our best and neatest work.

HOW MY SCHOOL HELPS ME

The school I go to is Jefferson School. To other kids it's just a plain school, but to me it's like a mother teaching me things and also giving me a chance of a life time. It teaches me to write, spell, to speak better, sing better, and to do problems right. When I come to school in the morning and say the Pledge of Allegiance I think that this school has helped me a lot and will help me some more.

WHY I THINK SCHOOLS ARE IMPORTANT

Way back in the time of cave-men there wasn't any civilization. You couldn't read, write, or do arithmetic.

The century when grandma and grandpa were children civilization improved. They had some schools so that some people would grow up to be fine citizens.

Now children have an opportunity for a fine education.

Reading is important if you want to be a housewife. Reading would help you with your recipes for cooking.

Arithmetic is important for the finances of your home. History is important because it tells us the story of our ancestors and our country.

Physical education is important because it helps you to stay strong and healthy and improve in sportsmanship.

Our schools are much better than the ones that our parents went to. The gymnasiums and cafeterias are much better equipped than in the older days. We can help our schools through the P.T.A. to get money for needs.

I wish that all the little children overseas could have nice schools like ours to go to and I hope maybe some day they can.

Sherry Carver

WHAT I LIKE ABOUT MY SCHOOL

I like our school because of the way the teachers cooperate with the students. I like our school also because of the way our rooms are kept. They are clean and sanitary. When the rooms are that way, it lets the students do better work. Our desks are wonderful things to work on. They are smooth, clean and big. The lights are not lights that glare. They also make it easier to work. We have a nice cafeteria. It is clean, healthful, and sanitary. We have another advantage of having milk every morning. Our gym has a nice floor. We also have the advantage of having a sink in every room.

IMPORTANT SUBJECTS

Reading is the chief subject in school. Children seven years and older can read many kinds of books and papers. Since people can read we progress more than when people couldn't read. In the United States almost everyone can read. Since everyone can read we have more scientists, doctors, lawyers, and a better country. Reading closes the gaps in one's life, because a person can gain knowledge on almost any subject by reading the proper books.

Arithmetic is another important subject in school. A person can go a long way by being good at figures. It helps you to be an engineer, a scientist, or doctor. Arithmetic is a necessity like reading.

Language is another important subject. We learn in school to use antonyms, homonyms, prefixes, and suffixes in language. Proper speech helps one to make a good impression.

Most any subject you study requires skill in these fundamentals. Our science, social studies, and current events require reading skill.

and then oral or written language to tell others in class or in reports. I am glad that we have such fine schools where we can learn the necessary subjects.

Grade 6
Lafayette School

MY INVESTMENT IN SCHOOL

I go to school to learn how to act, how to be a good loser, and how to make friends. When I get older, school will help me earn a living.

School helps me in my health. Our school nurse comes about every month. She checks our teeth, our ears, and our eyes.

School teaches me that I can't have my own way all the time. In school we learn about famous people who have made our country great.

Cindy Tomlovich

SCHOOLS BUILD OUR NATION

If we didn't have our fundamental foundation, there would be no U.S.A. Instead, there would be a tribe called South Illinois and one called North Illinois, and so on. There would be no states, only tribes. What's more, not like the states. The North Illinois never heard of the South Arizona tribe. How could they? There would be no newspapers. Even if they did have them who could read them? Nobody could. The people would believe the silly advice of the medicine man. In all, it would be a changed nation.

Now let's see what the schools have done. They have made carpenters, scientists, doctors, dentists, factory workers, and many others. We have new medicines, less diseases and a better republic. We have newspapers that tell not only U.S. news but news from the whole world. We need learned men and women for these jobs. Schools made these men and women. When they die a new school generation will take over.

CHIEF EXECUTIVE POSSIBILITY

I like school because you make new friends, when new children come to school. You learn to spell, read, write, and to do arithmetic. All these things will be very important when you get older. Maybe, if you knew all these things you could grow up to be the president. When you are president, you would have to know how to read; to read very important papers. You would have to know how to write; to sign papers. As soon as you get out of grade school, you'll go to junior high, then high school, then to college, then get a job to support your family. In order to get a good job, you should go to school. I like this school best of all.

WHY I THINK SCHOOLS ARE IMPORTANT

Schools are important for many things. If there weren't any schools very few people would know how to read, write, or know a little about arithmetic. In school boys and girls learn to read, write, can do arithmetic, spell, and learn good language. Also schools help boys and girls to know neatness.

I like my school because it has big rooms, a nice big gym, and a nice cafeteria. There is a nice playground, swings, slides, and a jungle gym.

WINTER'S READING

Remember when the "library" in many homes consisted of a copy of Pilgrim's Progress, Robinson Crusoe, the family Bible, and a huge mail-order catalog from Chicago? The latter always showed the most wear and tear as each member of the family took turns in avidly perusing every page from cover to cover. Remember?

Plan Features For Jersey Co. Home Bureau

JERSEYVILLE—A number of special features have been planned for the month of November by the Jersey County Home Bureau according to the bulletin published by Miss Marjorie Leach, Home Adviser.

The White Hall Rug Club has invited the Jerseyville Rug Club to meet with them at 1:30 p.m. November 8 at the Presbyterian church in White Hall. Each member is asked to bring a finished rug to the

MEN PAST 40

Troubled with GETTING UP NIGHTS
Pains in BACK, KNEES, LEGS
Tiredness, LOSS OF VIGOR

If you are a victim of these symptoms then your troubles may be traced to Glandular Inflammation. Glandular Inflammation is a constitutional disease and medicines that give temporary relief will not remove the causes of your troubles. Neglect of Glandular Inflammation often leads to premature senility, and incurable malignancy. The past year men from 1,000 communities have been successfully treated here at the Excelsior Institute. They have found soothing relief and a new zest in life. The Excelsior Institute, devoted to the treatment of diseases peculiar to older men by NON-SURGICAL Methods, has a New FREE BOOK that tells how these troubles may be corrected by proven Non-Surgical treatments. This book may prove of utmost importance in your life. No obligation. Address Excelsior Institute, Dept. 3711, Excelsior Springs, Missouri.

show and one to work on while they visit.

The annual Country Store and Hobby Show will be held at the Farm Bureau building November 18 starting at 10 a.m. Home Bureau members are asked to bring all their hobbies to display and something to sell at the store. They may bring eggs, cakes, cookies, canned fruit, aprons, crocheted items, embroidery work or anything suitable for sale. Proceeds from the store will go into the county Home Bureau treasury. Articles should be in by 9:15 a.m.

The Major Lesson Training School on "Clothes for the Home-maker's Job" will be given by Miss Edna R. Gray of the University Extension staff, at 1 p.m. November 9 at the Farm Bureau building basement. A repeat of the Glo-candle lesson will be given at a special projects meeting at 1:30 p.m. November 7 at the Farm Bureau building.

Some of the Home Bureau Units have arranged special events for their November meetings. Fieldon, which meets November 10, will have an all day potluck meeting to exchange Christmas gift ideas and swap patterns. The meeting will be at the Fieldon Masonic Hall. The Panhandle Unit meets at 1:30 p.m. November 10 at the Farm Bureau building basement.

Textile painting was done at the meeting of the Marquette Unit Thursday at the home of Mrs. Ray Groppe following a potluck at noon.

The Delhi Unit meets at 10 a.m. November 8 for an all day meeting at the Bouska Memorial Center and will exchange Christmas gift ideas.

Members of the Bethel Unit will travel to Springfield November 8 for a tour of some of the places of interest in the state capitol. They will meet at 8 a.m. that day at the Bethel Church.

West Prairie Unit meets with Mrs. John Pille at 1:30 p.m. November 8 and will exchange Christmas gift ideas.

Otterville is going to have a special lesson on wood fiber flowers at their meeting at 1:30 p.m. November 12 at the Otterville School. Members should bring paper, pencils, scissors and cardboard. They also plan to make some glo-candles.

McClusky Unit meets at 7:30 p.m. November 15 at the Farm Bureau building and Southeast Jersey at 2 p.m. November 16 with Mrs. Elvin Breitweiser.

Members of the Elsie Unit will go on a tour of St. Louis to see Cinerama and do a little shopping November 17. Members will meet at 8:30 a.m. at Hill's.

Jerseyville B unit, which meets at 8 p.m. November 17 with Mrs. L. Anderson, wants its members to bring a recipe of their favorite Christmas goodie and a sample of it. They will then exchange recipes

and other Christmas gift ideas.

Two Engagements Announced

Announcement has been made by Mr. and Mrs. Cornelius Halter of Jerseyville of the engagement and forthcoming marriage of their oldest daughter, Miss Janet L. Halter, to Raymond H. Hess, son of Mr. and Mrs. Earl Hess of Route 3, Jerseyville. The marriage will take place Dec. 29 at the Church of the Holy Ghost in Jerseyville. Miss Halter is a Junior student at the Jersey Community High School. Mr. Hess was graduated from the Edwardsville High School with the class of 1951 and is engaged in farming in Jersey County.

Mr. and Mrs. Herbert Scott of Jerseyville have announced the betrothal of their youngest daughter, Miss Charlotte Louise Scott, to William A. McGee, son of Mr. and Mrs. Leonard McGee of Hardin. The wedding will take place in the near future. The prospective bridegroom is employed at the Baughman Manufacturing Company in Jerseyville.

The Reverend Marion L. Gibbons, C. M. of Houston, Tex., spent Wednesday and Thursday here at the home of his brother and sister-in-law, Atty. and Mrs. John Gibbons. Father Gibbons, who is Rector of St. Mary's Seminary at Houston, is conducting a retreat at Kenrick Seminary in St. Louis where he formerly taught Canon Law and allied subjects.

Dr. and Mrs. Jack Hornell and son Bobby left Friday for Champaign, Ill., to attend the Dad's Day activities this weekend at the University of Illinois. Dr. Hornell is County Chairman of the Dad's Association of the University of Illinois for Jersey County and will be a guest of his son, Sid Hornell, a junior, at his fraternity house and Mrs. Hornell and Bobby will be guests of Dr. and Mrs. L. Lawder, formerly of Jerseyville.

Births in Jerseyville

Mr. and Mrs. William Powell of Hardin have given the name Catherine Marie to their infant daughter born at 11:56 p.m. November 1 at the Jersey Community Hospital. The baby is the couple's third child.

A son, Delbert Jeffrey, was born to Mr. and Mrs. Alonzo Abbott of 203 Potts St. at 9:25 p.m. November 1 at the Jersey Community Hospital. The baby, the second child of the couple, weighed six pounds nine ounces.

Mr. and Mrs. Alfred Banghart of Hardin became the parents of a son, Russell Anthony, at 10:30 p.m. November 1 at the Jersey Community Hospital. This was the first child of the couple. Mrs. Banghart was formerly Miss Anita Christopher.

Mr. and Mrs. Wilbur Gowin of Kane are parents of a son, their first child, at 6:11 p.m. November 3 at the Jersey Community Hospital. Mrs. Gowin was formerly Miss Meda Crotchett of Kane.

Pittsfield Horses Get Top Honors At 2 Eastern Shows

PITTSFIELD, Ill. — The three-year-old chestnut Arabian mare, Alma, owned by Mr. and Mrs. R. O. Emrick of Pittsfield, took top prize for three sired Arabian mares at the National Horse Show in Madison Square Garden, New York City, Saturday night.

Walking, trotting and cantering were judged for performance, quality and manners.

On Sunday this filly placed second in the Arabian horse class.

The Emricks also won first place with their Arabian Stallion Amalgam at the Pennsylvania Horse Show at Harrisburg in the grand champion stake.

The filly Alma also captured fifth place in the Pennsylvania show.

The Arabian horses were making their first appearance in the horse shows.

Victor Kerr of New Salem, Ill., was rider and trainer of both the Emrick horses in the two horse shows.

Conscience Spurs Telling Of Murder 28 Years Ago

LOS ANGELES (AP)—Because his conscience troubled him for 28 years, he said, an unemployed truck driver walked into a sheriff's office and said he killed a playmate.

Oda Earl Joslin, now 43, told deputies that in 1927 when he was only 14, he shot "on impulse" 13-year-old Howard Truman. At that time the fatal shooting in the nearby Firestone district was listed as accidental.

But Saturday Joslin told Sgt. John Stafford that he shot Truman intentionally. He was promptly booked on suspicion of murder.

He said the shooting troubled him so much he left his home in neighboring Norwalk and went to Goldfield, Nev., trying to forget. Then, he told officers, he came back and contacted authorities. He added that recently he had been under psychiatric treatment.

LOCUSTS PLAGUE EGYPT

CAIRO, Egypt (AP)—Locusts swarmed over Cairo today in an assault reminiscent of the plagues of Biblical days. They invaded the western part of the city, attacking trees and vegetation.

Another Army reserve company has been activated in Jacksonville to meet the need for increased participation in reserve training under the Reserve Forces Act of 1955.

Most recent to be activated is the Medical Company, 338th Infantry Regiment of the 85th Reserve Division. It is commanded by Major John R. Brazelton of the Medical Corps Reserve. A cadre, which is a small teaching unit or essential nucleus, is being formed capable of rapid expansion to a full size company in the event of an all out national emergency.

The company will meet Monday evenings at 7:30 o'clock for two hours at the former Hardin-Brown Business College location, 2091 W. Morvan Street, the southwest corner of the Square. Basic military instruction will be coordinated with Headquarters Company, 3rd Battalion of the same regiment, a companion unit established this past summer. In approximately six months when this basic training is completed, specialized training in first aid, sanitation, drug and common diseases will be emphasized.

Openings in all phases of medical company support are available and trainees are entitled to full pay for each meeting as well as promotion and retirement credits.

The company commander, Major Brazelton, emphasized that visitors are welcome at these meetings and any questions concerning the Reserve Forces Act in general or the Medical Company in particular can be frankly discussed.

"In a cadre where only a limited number of essential positions are available high pressure salesmanship is out. Frank, friendly discussion should take its place. We would much rather demonstrate our advantages to an observer than to rush him into any opening now and harvest dissatisfaction later," he stated.

Mother Drowns; Saves Children As Car Goes In Canal

FORT LAUDEDAKE, Fla. (AP)—A mother drowned but saved her children by holding their heads above water when they were trapped in a car that overturned in a canal Sunday.

The dead woman was Mrs. Hazel Wolin, 33. She and the children, Irene, 6, and Roy, 3, remained in the upside-down car some 15 minutes while her husband, Martin, got out through a window and frantically tried to rescue them.

The bottom of the car remained above the water, leaving a narrow breathing space inside. Rescuers tipped the car on its side. Efforts to revive Mrs. Wolin were not successful. Wolin and the children suffered minor injuries.

CHILDREN TURN IN MILK FUND COINS

The United Nations Children's Fund is \$923.81 larger because of the generosity of Jacksonville citizens, and the work of several hundred children and adults who joined in the milk carton campaign Oct. 30. A group of children is shown turning in their milk cartons filled with coins at the YMCA Youth Center on West State street. About 350 youngsters took part in the activities.

The \$923.81 includes a sum collected in Meredosia by a group of Girl Scouts, plus money collected by young people of 13 Jacksonville churches. The money already has been forwarded to the United Nations Children's Fund, for the purchase of food and medical supplies for underprivileged children.

Mrs. Donald Littler served as chairman of the fund collection activities, assisted by a committee representing the various churches. A Halloween party was held at the Youth Center at the conclusion of the collection throughout the city.

CRITICALLY HURT AS CAR GOES OUT OF CONTROL

CARROLLTON — Severe head injuries suffered early Sunday morning in an automobile accident have placed a Carrollton young man on the critical list at the Boyd Memorial Hospital at Carrollton. He is Leroy Wheeler, 23-year-old son of Mr. and Mrs. J. L. Wheeler of Carrollton.

The injured man was a passenger in a car driven by George Graner, another Carrollton youth. They were accompanied by James Hayes, exact address unknown. Graner, who is the son of Mr. and Mrs. George Graner, Sr., of Carrollton and Hayes are both in the Army and stationed at Fort Leonard Wood, Mo. Hayes was a guest of Graner over the weekend.

Other than a broken nose suffered by Graner the injuries of the driver and Hayes were considered minor.

The accident occurred at three o'clock as the car was being driven over the Macoupin creek bridge on route 67 south of Carrollton.

The driver evidently lost control of the vehicle. The car came to a stop sideways on the highway and was then struck by another car. The impact from the latter collision did little or no damage. The bulk of the injuries and wreckage to the Buick was sustained when it went out of control and careened above the highway. During the car's motion Wheeler was thrown partially out of the car and sustained critical head injuries. The second car was able to continue on its way, the occupants suffering no apparent injuries.

All three were taken to the Carrollton hospital. Wheeler remains in a critical condition.

The two soldiers were to be taken to their base hospital at Fort Leonard Wood. Wheeler is also a veteran of the Army.

MANCHESTER PTA TO MEET THURSDAY NIGHT

The Manchester PTA will meet at 7:30 p.m. Thursday night, Nov. 10, at the school gym. There will be a program followed with refreshments of pie and coffee. The committee in charge consists of Mr. and Mrs. Lester Miller, Mr. and Mrs. Francis Reardon and Mr. and Mrs. Robert McKinley. Everyone is welcome.

I. C. Lecturer

STEPHEN A. MITCHELL

Stephen A. Mitchell, former Democratic National chairman and public official, will inaugurate the Illinois College Public Affairs lectures, Thursday, Nov. 10, in Jones chapel at 7:30 p.m. His subject will be "Politics and Politicians and the Party System."

The lecture will be open to the public without charge.

Speculation about candidates for office in Illinois in the elections of next year has brought up the name of Mitchell in connection with the governorship.

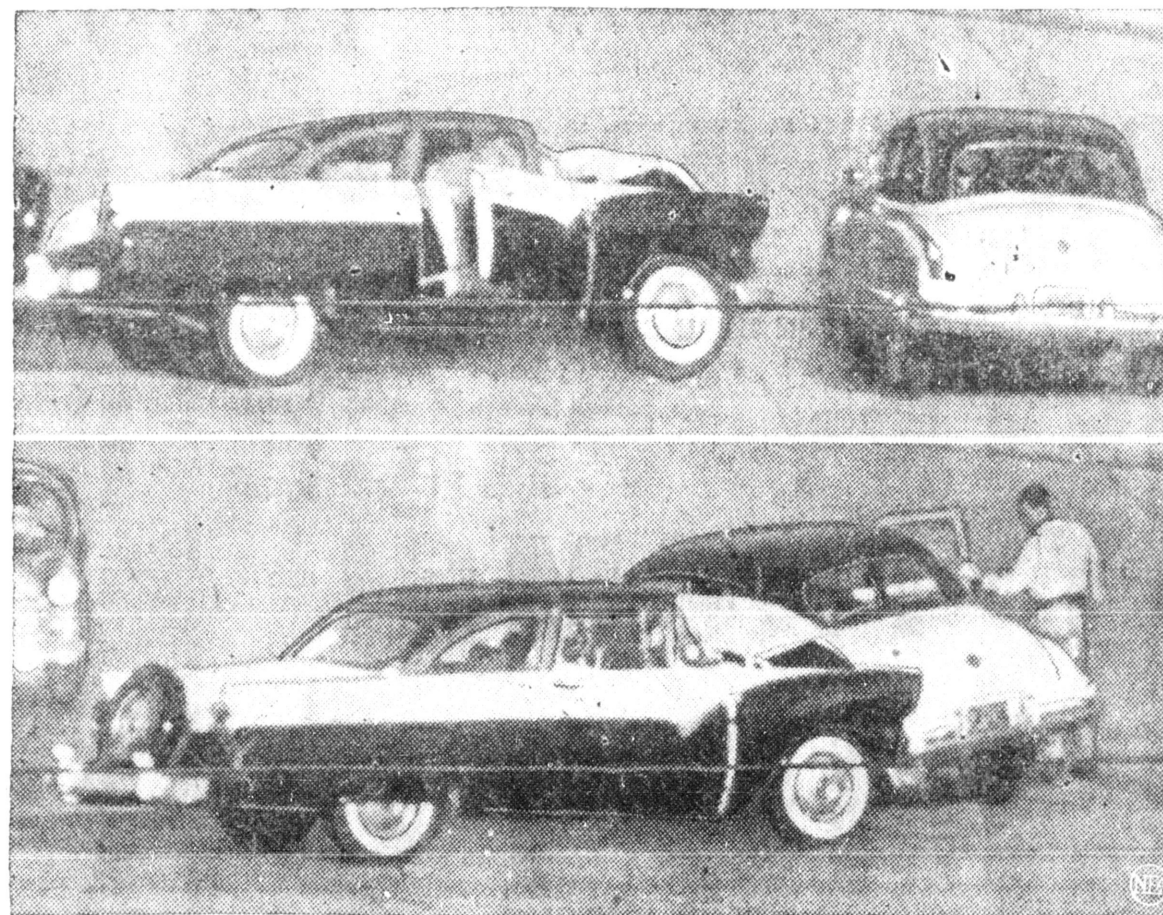

Mitchell, a Chicagoan, came to public attention in the 1952 presidential campaign when he was selected to lead the Democratic party by its nominee, Adlai Stevenson.

He is an attorney now in private practice, but his background includes considerable public service. He was an administrator in the Lend-Lease Administration during the war and a state department adviser on French economic affairs. He served as committee counsel for the congressional committee established to investigate the Department of Justice under the 82 Congress.

A native of Rock Valley, Iowa, and a graduate of Georgetown University, he has been active in civic affairs in Chicago. He is a trustee of DePaul University and a director of the Catholic Charities of Chicago.

Vermont has 862 miles of railroad.

FIRE ENGINE COMES TOO LATE

CHESTER, Vt. (AP)—The main mill of the Vermont Mineral Products, Inc., was destroyed by fire Sunday night while the town's brand new fire engine sat on a railroad flat-car in nearby Gassetts.

Fire Chief Albert Damore said the new engine was not ready for delivery while fire swept the mill with a loss estimated unofficially at \$50,000.

About 14 million tons of U. S. hay, one-eighth of the crop, was sold in 1954.

Students From 5 Schools Competing In Jaycee Contest

Five high schools in the area are engaged in the Junior Chamber of Commerce Voice of Democracy contest. They are Illinois Braille and Sight Saving School, Jacksonville High School, Chapin High School, Franklin High School and the Waverly High School, the Jaycee chairman, Ross Crowcroft, announced Monday.

The time is short but entry blanks are still available at the schools in the area. Judging will be done on a school basis for the finalists who will compete next Monday, Nov. 14, at the Jacksonville high school at 4 o'clock in the afternoon. Since, to date, five schools have pupils working on the essay contest, there will be five finalists who will speak for five minutes or less each before impartial judges who will volunteer from the Jacksonville Toastmasters club.

The contestants will be unaware of the identity of the judges and the judges likewise of the identity of the contestants during the oral deliveries.

The prize being offered by the Jacksonville Junior Chamber of Commerce for local winners is a table model radio and other small prizes. Certificates will also be presented to all finalists.

The student adjudged winner of this contest will compete via transcription in the state-wide contest at a date yet to be revealed. The state winner will be awarded a television receiver.

If the local winner survives the state and national semi-final eliminations, he or she will receive a week-long, all expense trip to Washington to deliver the prize winning script before a gathering of Washington notables at the annual Voice of Democracy Awards Luncheon.

All four co-equal national winners will be received at the White House, by members of Congress and other government officials. They will be awarded television receivers, trophies and five hundred dollars scholarship checks.

Voice of Democracy endorsed by the U. S. Office of Education, Department of Health, Education and Welfare, is sponsored annually by the U. S. Junior Chamber of Commerce, the National Association of Radio and Television Broadcasters and the Radio-Electronics-Television Manufacturers Association.

Crosby Trailer Village Boasts Rolls Royce Hitch

By JAMES BACON

PALM SPRINGS, Calif. (AP)—Bing Crosby Blue Sky Trailer Village, so luxurious that one of the tenants pulls his hitch with a Rolls Royce, formally opened today.

Bing, and most of the other big name stockholders, hosted a weekend opening party that gave the trailer industry the biggest glamour boost since the invention of indoor plumbing.

The million dollar enterprise, still unfinished, numbers among its stockholders such names as Jack Benny, George Burns, Gracie Allen, Alice Faye, Phil Harris, Humphrey Bogart, Lauren Bacall, Barbara Stanwyck, Claudette Colbert, Danny Kaye, Producer Bill Perlberg and tire maker Leonard Firestone.

Don Hartman, Bing's boss at Paramount, is also one of the blue sky tenants. Hartman, glancing at the stall where the Rolls Royce was parked, quipped:

"Our trailer is nothing fancy. We get by with only three servants."

Streets in the village carry the names of the celebrated stockholders. Jack Benny street is the only one with parking meters.

The village boasts an oversize heated swimming pool and plush clubhouse facilities. It is located near the Thunderbird Country Club, site of some of the most lavish homes in this desert playground of millionaires.

It will cost \$65 to \$100 a month to park in the village, depending on the size of the trailer.

YWS Club Makes Plans For Sale

The Y.W.S. club met Friday, Nov. 4, at the country home of Mrs. Rolin Martin with Mrs. Harold Cully as the assistant hostess.

Roll call was answered by exchanging recipes. During the business session motion was made and approved for the club to sponsor a bake sale in November. The date and location will be announced later.

There was a discussion of a possible Christmas project to purchase gifts for two blind students at the Illinois Braille and Sight Saving school.

Mrs. Theodore Birdsell was program chairman, Mrs. Chester Dobson, co-chairman. Mrs. Birdsell gave a reading and a poem on Thanksgiving. Contests were enjoyed with prizes going to Mrs. Milson Birdsell and Mrs. Elmer Roegge.

Guest present was Mrs. Freda Beavers of Litterberry. During the social hour delicious refreshments were served by the hostesses.

The December meeting will be a potluck dinner at the home of Mrs. Edward Scott.

VISIT REISER HOME

Attorney and Mrs. Allen Ashbaugh of Columbia, Mo., and Miss Edith Bodole of Springfield were visitors Sunday at the home of Mr. and Mrs. Joe Reiser in this city.

Mrs. Dottie Meyers Killed In Auto Accident Saturday

Mrs. Dorothy (Dottie) Meyers, former Jacksonville woman, was killed in an automobile accident Saturday night west of St. Charles, Ill.

A car from Racine, Wisconsin and the Meyers car, driven by Mrs. Meyers' twin brother, Donald Ball, collided at a stop light intersection on state routes 64 and 47.

Mr. Ball is a patient in a hospital at Belvidere, Illinois. His condition is regarded as serious but not critical.

The three Wisconsin people were treated at the hospital for cut and bruises.

Mrs. Meyers, 43, and her daughter Sue, lived at 1115 West State street in Jacksonville until moving six years ago to Canton where Mrs. Meyers was manager of Kilham's store in that city. She later moved to Oak Park where she made her home with her brother at 423 North Marion street.

The fatal accident occurred as Mrs. Meyers and her brother were returning to their home at Oak Park after visiting their parents who live at Belvidere.

The deceased is survived by her parents; her brother, Donald; a daughter, Sue, wife of Allen Conner stationed in the service at San Diego, Calif., and a two month old grandson. The Conners live at San Diego. Mrs. Conner and son are flying back to Illinois and will arrive at Belvidere Tuesday noon after which funeral arrangements will be made.

Dallman Not To Be Demo Nomination

SPRINGFIELD, Ill. (AP)—V. Y. Dallman, editor of the Illinois State Register, announced today he has decided not to become a candidate for the Democratic nomination of U. S. senator.

Dallman had been endorsed as a candidate by the Democratic organization of Alton and also by a group of downstate Democrats at a meeting here in October.

The Springfield editor made his decision known in a letter to Mayor Leo J. Struff of Alton, one of the leaders behind the endorsement. Dallman said:

"Many years ago when the Democratic nomination for Congress from the old 21st District was tendered to me with certainty of election in that Democratic landslide year, my dear friend, the late U. S. Senator James Hamilton Lewis advised me in his offices in Washington to remain as editor of the Illinois State Register.

"He stressed that as editor of a great daily Democratic newspaper in the Illinois capital, my service to the party and the public would far transcend in importance service which I could render as a member of Congress.

"That same reasoning applies today. With that advice in mind, I hereby announce that I am not a candidate for United States senator."

In editorials, Dallman has urged that Democrats nominate State Rep. Paul Powell of Vienna for U. S. Senator and Stephen A. Mitchell of Chicago for governor. Powell has said he plans to seek reelection to the Illinois House.

In reference to a move in behalf of State Rep. Richard J. Stengel of Rock Island for the senatorial nomination, Dallman said, "the candidates for governor and senator should not both be allotted to the northern tier of counties."

He said the candidate for governor should be from Chicago and the nominee for senator should be "a downstate man from far below the Cook county line."

STRONG EVIDENCE OF PROTECTION BY SALK VACCINE: SCHEELE

WASHINGTON (AP)—Surgeon General Leonard Scheele said today that results of using Salk polio vaccine this year "give strong evidence that children who receive one dose were substantially protected against paralytic polio."

"Preliminary data show," he added, "that paralytic attack rates in vaccinated children have been lower by 67 to 90 per cent than in unvaccinated children of the same ages."

He gave the appraisal in an address for the 62nd annual convention of the Assn. of Military Surgeons of the United States.

Frank Bosse And Miss Botterbusch United Saturday

Saturday afternoon, November 5, in the Chapel at the Passavant hospital Emma Botterbusch and Frank Bosse were united in marriage by Rev. Karl Hunkz of Bluffs Lutheran church.

The chapel altar was decorated with baskets of white mums.

Mr. and Mrs. Everett Birdsell attended the couple. The ceremony was attended by close friends. The arrangements were made for the chapel rites at the hospital because the bridegroom's son, Charles Bosse, has been a patient at the hospital since Oct. 1 following an accident. He was able to attend the ceremony.

The bride wore a street length dress of dusty rose lace with navy blue accessories. The attendant to the bride wore street length black and silver tulle with black accessories. Both ladies wore coronas of white carnations. Mrs. Birdsell is a niece of the bridegroom.

Members of the wedding party were served dinner at 6:30 at the Southern Aire restaurant where the couple cut and served a decorated tiered wedding cake.

Mr. Bosse and his bride, a former Jacksonville woman more recently of Tempe, Ariz., will make their home on a farm near Bluffs. The wedding ceremony was the first performed by the Bluffs pastor in this community and was the second wedding ceremony conducted at the hospital chapel.

Million Dollar Tax Case Ruling Favors Jack Benny

HOLLYWOOD (AP)—The U. S. Tax Court in Washington has ruled in favor of comedian Jack Benny in a 7-year-old tax case involving about one million dollars.

Attorneys John B. Milliken and Lloyd Wright, president of the American Bar Assn., said Sunday, they received the ruling on behalf of their client from the court.

The case involved a question of whether Benny should pay personal income taxes or capital gains tax on the 1948 sale of Amusement Enterprises, Inc., to the Columbia Broadcasting System for \$2,260,000. Benny owned 60 per cent of the stock.

The deal involved shifting Benny's show from NBC to CBS.

The government contended that the comedian should pay personal income taxes at a rate of about 75 per cent. Benny said his share of the deal comprised a long term capital gain taxable at 25 per cent only. The difference was around one million dollars.

At a hearing on Benny's appeal in October 1954, he testified that he was reluctant to sell the corporation stock but "it was the first time in my life for me to collect a hunk of money."

He said his partners, owning the other 40 per cent, were Wright, Herb Blum, his business manager, and Sylvan Oestricher.

Illinois College Seeks \$200,000 Housing Loan

WASHINGTON (AP)—Three Illinois colleges have applied to the Federal Housing and Home Financing Agency for housing loans.

The applications, among the 37 received from educational institutions in October, were made by Illinois College at Jacksonville for \$200,000; North Central College at Naperville for \$250,000 and Aurora College, Aurora, for \$175,000.

Illinois College officials said Monday morning that if the \$200,000 is approved the proceeds will be used to initiate the first unit of the dormitory construction program which was announced at an alumni assembly held at homecoming time by Dr. Fred Hoskins, chairman of the board of trustees.

Last Year's Regional Champs Face Rough Road; Lose 5 Players

6 Lettermen Open Cage Drills At Greenfield

Six lettermen were among those reporting to coach Harry Page as basketball practice got under way last week at Greenfield. The Tigers, who are members of the Illinois Valley conference, have a 21 game schedule for the 1955-56 season as well as a couple tournaments. Coach Page will take his boys to the Virginia Holiday tourney and the annual Winchester tournament.

Among the returning lettermen are Gary Darr, Donald Sample, Earl Wahl, Robert Huff, Joe Longmeyer and Sam Thornton. Darr, Sample, Wahl and Longmeyer are back from last year's starting five. Another cager slated for considerable action is 6-5 Jerry Smith, a junior. Bob Langley, John Longmeyer and Gary Price are outstanding junior candidates.

The Tigers open their season December 2 at Benid.

Giovanelli Stops Perez

NEW YORK (P)—Danny Giovanelli of Brooklyn racked up his second victory in a week Monday night by scoring a unanimous decision over Danny Jo Perez of New York in a savagely fought telecast 10-round bout at St. Nicholas Arena. Giovanelli weighed 150½, Perez 151.

A week ago Monday night, in the same ring, the handsome, 23-year-old Brooklynite whipped Paola Melis. Against Perez Monday night, he subdued for the injured Chico Vejar and won impressively.

ROTE IS PACKER VETERAN

GREEN BAY, Wis. (P)—When Tobin Rote played quarterback for the Green Bay Packers against the Detroit Lions on Sept. 17, 1950 it marked the start of a streak. The 27-year-old former Rice Institute star played 60 straight games for Green Bay through the 1954 season.

Tad Weed Getting Quite 'A Boot' Out Of Pro Ball

COLUMBUS, Ohio (P)—The little man whose accurate place-kicking helped Ohio State University's football team to a national championship in 1954, says he's getting "quite a boot" out of professional football.

"Didn't mean it as a pun," says 145-pound, 5-foot-5 Tad Weed. The kicking specialist—probably the smallest player in pro football—is spending his weekends performing with the Pittsburgh Steelers. Weekdays he's attending classes at OSU.

It was Tad's own special boot with the flared toe which contributed seven of Pittsburgh's 13 points as the Steelers lost 27-13 to the Chicago Cards Saturday night.

Weed was on the field against the Cards just long enough to kick two field goals and one extra point.

If Weed gets a "boot" out of playing with the Steelers, his performance Saturday was also a big lift to Steeler Coach Walt Kiesling. "We're glad to have him, believe me," said Kiesling. "I figure we're

Following a week's layoff after a successful football season the Routt Rockets settled down to cage practice yesterday afternoon under the watchful eye of coach Larry Zitkus. The Rockets open their 1955-56 basketball season November 29 at Chapin.

In his first year at the local school, coach Zitkus faces the task of rebuilding the Rockets, who finished in a blaze of glory last year by winning the Regional tournament after taking the District. The Rockets went into the elimination tourneys with a 14-12 record for the season. At this point they surprised the sporting world by winning the District and going on to take the Regional, defeating Jacksonville High in the finals which were played at Franklin. However, the Rockets dropped their first sectional tourney game.

Five players will be lost from this team. They include Pat Dowling, George Murphy, Mike Walls, Joe Shanahan and Jerry Lewis. Dowling, Murphy and Shanahan were graduated. Walls moved away and Lewis can't play since he is recovering from a back operation.

Coach Zitkus has a couple regulars from this team in Jim DeVore and Jim Cosgriff. Others seeing considerable action were George Dee, Jack Baptist, Jack Long and Jim Sargent. DeVore, Cosgriff and Dee are seniors while the other three are juniors. Long and Sargent are not letter winners.

A total of 29 candidates greeted the Routt mentor yesterday when drills got under way at 2:50 sharp. Of these 29 several are promising freshmen and sophomores. However, the Rocket pilot will be faced with the same problem which confronted coach Jim Smarjesse last year—no height.

The Rockets, who won the PMBC tournament last year, will play their home schedule in Formaz Hall. Last year the Rockets played their home games in the IC gym but the new college rule which widens the free throw lane forbids High Schools from playing on college floors.

CHANDLERVILLE FANS HELPING PURCHASE NEW SCOREBOARD

CHANDLERVILLE — Superintendent of Schools Eugene Hopper announces the season tickets for the Chandlerville basketball games will go on sale Monday, Nov. 7, at 8:30. There are 12 home games this year.

A new scoreboard is to be installed in the newly completed gym before the season opens.

The modern scoreboard has wing space for ten names and numbers. Lights show who is played and the number of fouls each man acquires.

The score and remaining time of the quarters are all on record. Contributions are still coming in to help pay for this necessary equipment. Any additional funds accumulated will be used to purchase a ladder for erecting the board and the new sweat jackets for the players.

Tad Weed Getting Quite 'A Boot' Out Of Pro Ball

still in contention for the National Football League Eastern title, and Weed will help us plenty."

Weed is "deadly from anywhere near the 30-yard line," says Kiesling. "After 30 yards he might miss."

Tad's toe contributed to the Buckeye Rose Bowl victory, the Big Ten title and the mythical national championship last year.

That toe was the victory margin when the College All Stars edged the Cleveland Browns 30-27 last Aug. 12. Weed, who kicked more than 10,000 consecutive practice conversions beforehand, kicked three field goals and two extra points for 11 points in that game.

The kicking specialist accounted for 72 points during his three-year career at Ohio State where he'll be graduated next June as a philosophy major.

Weed credits much of his kicking success to Buckeye Asst. Coach Ernie Godfrey, who also coached Lou (The Toe) Groza of the Cleveland Browns when Groza was at Ohio State.

Football Briefs

CHAMPAIGN, Ill. (P)—Illinois got the good news Monday as it opened football drills for Wisconsin that halfback Harry Jefferson suffered no fractured rib as first feared and is expected to play at least part time Saturday.

Jefferson was injured in the Michigan game. He and his flashy sub, Bob Mitchell, will alternate at halfback against the Badgers.

Guard George Walsh, with a bad knee, and tackle John Gremer, with a shoulder injury, also are expected back in the lineup. Guard Bob Baletto will return after being sidelined with a hip injury.

The Illini took it easy Monday, working in sweatsuits on strategy.

EVANSTON, Ill. (P)—Northwestern regulars who played against Wisconsin sat out drills Monday while the reserves scrimmaged against the freshmen.

No new injuries were reported and Coach Lou Saban said he expects quarterback Dale Pienta to be ready for the Purdue game Saturday. Pienta has missed the last two games because of a shoulder injury.

Back Jerry Weber, who has seen limited service because of injuries, also is expected to be in top shape for Purdue.

SOUTH BEND, Ind. (P)—Coach Terry Brennan ran his first team through a light drill Monday but scrimmaged the reserves against the freshmen in opening preparations for the Irish game with North Carolina Saturday.

There were no new injuries from the victory over Penn.

LAFAYETTE, Ind. (P)—Three Purdue starters were sidelined temporarily Monday with injuries suffered in the Michigan State defeat but all are expected to be ready for the final home game Saturday against Northwestern.

Halfback Jim Whitmer and left guard Ed Voytek had bruised knees and center Don Fife had a bruised hip.

Setter Owned By Waverly Man Wins Field Trial

Jane, a Setter dog owned by Ralph Cowman of Waverly, Ill., was the successful first place winner in the all age event class at the Jacksonville Sportsman Club field trial held Sunday, Nov. 6th.

Other winners in the all age event class was second place winner Prince, a Setter dog owned by Henry Finch of Jacksonville; also third place went to Duke, a Setter dog owned by Henry Finch.

In the Derby event first place went to Buddy, a Pointer dog owned by Keith Knight of Roodhouse, Ill. Second place to Queen, a Pointer owned by Cecil Patterson of Jacksonville and third place to Sport, a Pointer owned by Virgil Gibbs of Jacksonville.

The field trial judge was Hal Redfern of Scottville and Henry Finch of Jacksonville was field marshal.

Otto Graham Vows This Will Be His Last Year

ATLANTA (P)—Otto Graham took another poke Monday night at what he called the vicious nature of professional football and repeated earlier statements that this is his last year in the game.

The veteran Cleveland Browns quarterback told the Atlanta quarterback club that the two matters were not related.

"A year ago I pointed out that football was getting rougher and rougher," Graham said, "and that still goes. Things haven't got out of hand yet, but unless something is done, it will."

Otto said he promised to come back and play one more year if the Browns got in trouble after he first announced his intention to retire.

"This time you can bet I kept my mouth shut. I made no promises."

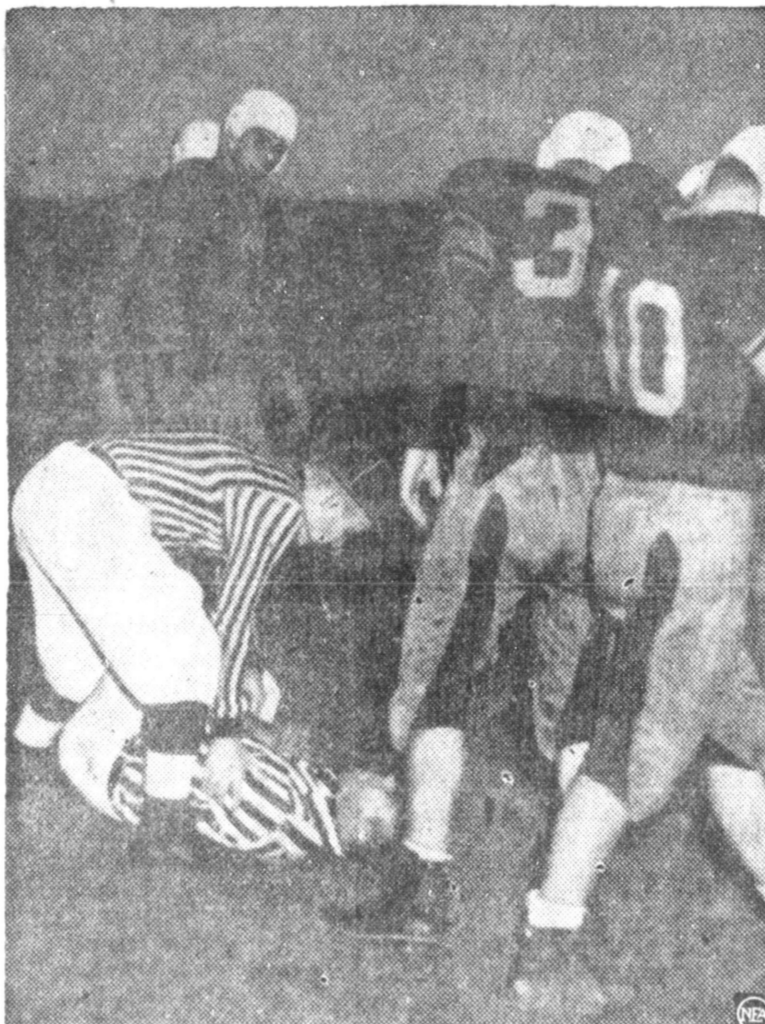

Graham vowed he would never be a coach, not even at his alma mater Northwestern, where Lou Saban has been reported under fire.

"If I wanted to, I could have had the Northwestern job this year, and now I thank the Lord that I didn't. A coach can't control the things that affect his job, and that's why I'll never coach."

McMAHON TOPS BOWLERS AGAIN

CHICAGO (P)—George McMahon of Fair Lawn, N. J., again leads the American Bowling Congress 10-year average standings with a 204.69 average. George Young of Detroit is second with 204.61.

In the 10 years the tables have been kept, 10 men have led the ABC 200 average group. McMahon is the pace setter, having been top man five times.

OCCUPATIONAL HAZARD—It's an official's time out in a high school game between Belpre and Rutland, O., teams. The referee, Coach Bill Whetsell of Marietta College, got too close to a play and was knocked out. He was revived by a colleague and the game continued.

Oklahoma Moves Into First In AP Football Poll; Illinois 16th

By THE ASSOCIATED PRESS

Mark down the upsets—the season's first defeat for Michigan and ties for Georgia Tech and Navy—and that leaves Oklahoma and Maryland in splendid isolation at the top of the college football pack. But the results of the season's heaviest balloting in the weekly Associated Press poll of sports writers and broadcasters reversed the previous order and put the speedy Oklahoma Sooners a shade ahead of Maryland's Terrapins in the national rankings.

Michigan, which had been third behind these two a week ago, tumbled to seventh after absorbing a sound 25-6 thumping from Illinois, allowing the other winners to move up.

Oklahoma's 20-0 victory over Missouri, a team that had scored its first victory of the season only a week before, apparently impressed the experts more than Maryland's 13-0 decision over Louisiana State, another non-winning team. Out of 283 ballots, 115 put the Sooners on top and 89 had Maryland first. Last week Maryland drew 74 firsts and Oklahoma 54 out of about 220 votes.

Scoring is on the basis of 10 points for each first place vote, nine for second, etc., down to one for tenth. Oklahoma, with 10 fewer second-place votes than Maryland, came out with 2,466 points to Maryland's 2,415. In last week's poll Maryland had a 32-point edge.

Michigan State, loser to Michigan by 14-7 in its second game of the season but an impressive winner each week since then, took over Michigan's vacated third spot. Following were UCLA, Notre Dame and West Virginia, each of which moved up one place in the rankings.

Georgia Tech, tied 7-7 by Tennessee, and Navy, held to the same deadlock by Duke, dropped out of the first 10. Texas Christian, 28-6 winner over Baylor, advanced to eighth while Texas A. and M. and Ohio State moved up into the vacated places. The Aggies beat Southern Methodist 13-2 to remain unbeaten since their season opener against UCLA while Ohio State

er against UCLA while Ohio State whipped Indiana 20-13.

The new 3, 4 and 5 teams in the rankings won last Saturday's games handsily. Michigan State thumped Purdue 27-0, UCLA rolled over College of the Pacific 34-0, and Notre Dame sank Pennsylvania 46-14.

The top teams with first place votes and won-lost records in parentheses:

1. Oklahoma (115) (7-0)	2466
2. Maryland (89) (8-0)	2415
3. Michigan State (44) (6-1)	2051
4. UCLA (9) (7-1)	1782
5. Notre Dame (2) (6-1)	1726
6. West Virginia (18) (7-0)	1069
7. Michigan (6-1)	970
8. Texas Christian (3) (6-1)	551
9. Texas A&M (6-1)	448
10. Ohio State (1) (5-2)	430
11. Georgia Tech (6-1)	292
12. Auburn (2) (5-1)	263
13. Navy (5-1)	207
14. Mississippi (7-1)	180
15. Miami (Ohio) (7-0)	121
16. Illinois (4-3)	35
17. Pittsburgh (5-3)	31

BRONCOS TO HIT ROAD

SANTA CLARA, Calif. (P)—The Santa Clara basketball team will do some traveling during the Christmas holidays. The Broncos of Coach Bob Ferriek play Wichita at Wichita, Kas., on Dec. 26 and then head to Miami, Fla., for the Orange Bowl tournament starting Dec. 28. After a Jan. 1 first game with Loyola University of the south at New Orleans, they will return home.

NO WHAMMY

BROOKLYN, N. Y. (P)—The Brooklyn Dodgers plugged the sale of World Series tickets at Ebbets Field as early as last December. Fans purchasing a \$25 season book of tickets for National League games were assured the right to buy World Series tickets.

Paul Hornung's 38-yard field goal against SMU was the first the Notre Dame star ever kicked in his career.

REFLECTED GLORY—Taking a leaf from a new aircraft carrier landing device, football players at the United States Air Force Academy's temporary quarters in Denver get a chance to see themselves as they practice technique before a mirror. Ja Mitchell, 190-pound guard, takes his stance.

IC Gym Open Monday Nights To Public

Once again this year, as it has been the custom the past three winters, the Illinois College recreational facilities are open to the public on Monday evenings. This recreational program is made possible through the co-operation of the local college and the YMCA and its director Warren Flower. Warren or his wife will be on hand each Monday evening, beginning at 7:00 p.m., to supervise the program as well as take charge of the equipment.

This program is for the adults and no children are allowed unless special arrangement is made with Mr. Flower. It is of the belief that the children have excellent recreational facilities in their public schools and are requested not to attend this program.

The gym will be open three hours. Games available include basketball, volleyball, badminton, handball, ping pong and others.

This program has been quite popular in the past especially with the women of the community. Both species are invited.

Cy Young, All Time Baseball Great, Buried

PEOLI, Ohio (P)—Eulogized as "sturdy as the oaks he walked under," Denton True (Cy) Young, one of baseball's all-time pitching greats, was buried Monday on a hilltop in Peoli Cemetery.

Several noted baseball figures were among the 300 persons who attended last rites at the Methodist Church for the baseball Hall of Fame member who died of a heart attack at nearby Newcomerstown last Friday at the age of 88.

The Rev. George Shurtz of Newcomerstown, who officiated at the rites, described Young as "staunch as the hills that surround him and sturdy as the oaks he walked under."

Baseball notables attending the rites included Bob Feller, pitcher for the Cleveland Indians; Tris Speaker, one of baseball's all-time great outfielders; George Trautman, commissioner of minor league baseball; and George Westlake, former major league player who was a teammate of Young during his minor league career.

Young pitched 511 victories in his 22 years in the major leagues, starting in 1890, including three no-hit, no run games.

Pro World Feels Effect Of Bears' Scoring Punch

NEW YORK (P)—The Chicago Bears have really found their scoring touch. They have rung up at least 31 points in each of their last four games. Sunday's 52-point total was the highest of any club this year and matched Detroit's 52 against Green Bay in 1952, the most any club has ever scored on the Packers. The Bears meet the first-place Los Angeles Rams at Chicago next Sunday for the western division lead.

They so completely dominated the game that they weren't required to punt once, the third time in NFL history such an event occurred. Also, their 410 yards rushing was only 16 short of Detroit's 1934 record.

Report Wolves Howling For Coach Jess Hill

LOS ANGELES (P)—The Wolves were reported howling on the heels of Southern California football Coach Jess Hill Monday—and the question of the moment is "Was he hanged in effigy Sunday?"

Hill's "crime" was the 28-20 loss of his favored Trojans to an aroused Stanford team Saturday, third loss of the year for USC.

Individual alumni are reported boiling over the loss. And Sunday at a campus fraternity house a dummy was found propped against a tree from which hung a rope.

Newspapers promptly dubbed it an effigy hanging, although there was no identifying mark on the dummy.

Hill said, "It doesn't bother me at all."

Hill has another year to go on his current three-year contract, believed to call for about \$15,000 a year. He is in his fifth season as head coach and the 1955 team record now stands at five victories and three defeats.

Prior to this season, Hill's USC teams won 31, lost 12 and tied 1.

Nashua, destined to become the year's 3-year-old champion, averaged \$63,600 per race in his first 11 starts this year. He won nine of the races, finished second in the Kentucky Derby and third against other horses in the Sysonby.

35 Report For Opening Practice At Hilltop; 8 Returning Lettermen

With eight lettermen among 35 candidates reporting for opening practice yesterday afternoon, coach Al Miller's Illinois College Blueboys took to the hardwood in preparation for the rugged 23 game schedule that begins December 1, at Western Illinois State.

This year's IC basketball schedule is one of the best in years and is the best since the local college dropped out of the CCI conference three years ago. The 23 game schedule includes 12 Prairie College conference tilts and a four team tournament that will be played on the IC floor Saturday December 17. This four team event will be a one day affair with two games set for the afternoon and the final two games in the evening. The Blueboys open the tourney at 1:00 in the afternoon against Concordia of Springfield. The second contest finds Blackburn opposing Principia. The consolation and championship games will be that night.

The Blueboys, who ended last season in third place in the PCC behind McKendree and Shurtleff, have seven returning lettermen from this squad. Center Ed Harrell, one of the conference's top scorers, returns to the pivot post. Roger Curfman, Dick Barnes, Glenn Beamer, Bill Oldenette, Bill Morris and Todd Renfrow are other returning veterans. Curfman, Barnes, Beamer and Harrell are juniors. Renfrow and Oldenette are sophomores while Morris is the only senior. Another returning letterman is Jim Bonds. Bonds was a member of the IC starting outfit three years ago when the Blueboys were members of the CCI. The former Chapin graduate spent the past three years in the army where he played considerable basketball.

IC lost three lettermen, but none through graduation. Dick Beasley, Bill Kaufmann and Don Hazlerigg lettered last year but aren't in school this fall. Beasley left for the navy.

Some of the local boys at the hill-top include Ed Batley, Roger Ezard and Jim Woodward. Woodward played with JHS last year while Batley and Ezard spent last season at Western.

IC's first home game will be December 3 against Greenville.

150 Injured In Soccer Riot

NAPLES, Italy (P)—A recount of bruised and bloody heads Monday set the number of injured in Sunday's soccer game riot here at 150.

Police riot squads fired guns over the heads of furious fans who attacked the referee and visitors from northern Italy when a Naples-Bologna match ended in a 3-3 tie. The tying goal was scored by Bologna on a penalty try awarded by the referee at the end of the game.

The injured included 34 policemen.

Horses breaking from the No. 1 post position won 126 of the first 422 races at Freehold, N. J., Raceway this year.

One-Armed Prep Star A 3 Sport Performer

SPERRY Okla. (P)—Donnie McCarthy, a 19-year-old senior at Sperry High School, plays three sports and plays well in each of them. He's one of the star backs on the football team, a swift baseball outfielder and an up-and-coming basketball player.

Donnie has only one good arm. His football coach, Wayne Riden, rates Donnie high as a gridiron performer. The coach recalled that in one game Donnie intercepted two passes and returned one 26 yards for a touchdown.

"Last year on extra point conversions we used him several times as a pass receiver," the coach said. "Our opponents wouldn't guard him and he caught several for us."

Donnie is not at all self-conscious about his elbow-length right arm with which he was born.

Bluffs Opens Cage Drills; Play November 22

The Bluffs Bluejays, who open their basketball season November 22 at Perry in a PMBC conference encounter, started cage drills last week with five lettermen on hand from last year's club that ended the season with a 19-8 record.

Coach George Danhaus, in his first year at the Bluffs helm, faces the problem of replacing such outstanding performers as Raymond Likes, Harold Graves, Dick Kesteron and Gary Barnett, who are lost through graduation.

Among the returning lettermen are Ken Atkinson, Fred Barnett, Ray Davis, Gene Kesteron, and Ron Albers. Others reporting for practice and showing promise include Virgil Huseman, Rich Jackson, Ron Atkinson, Carl Krusa and Jack Cox.

New York Bond Market

NEW YORK (AP)—U.S. government bonds lost ground Monday while corporate obligations presented a mixed pattern.

Dealers in government bonds described the fall as largely technical, with profit taking a major factor. Some called it a "normal reaction" after government bonds had inched upwards for some time. Corporate trading volume amounted to \$3,570,000 par value, compared with \$3,860,000 Friday.

Convertible debentures and investment quality rail bonds were the best performers.

Beans Ease, Other Grains Gain In Dull Dealings

By WILLIAM FERRIS
CHICAGO (AP)—Soybeans eased while the rest of the grain market scored small gains on the Board of Trade Monday. Dealings were slow.

The best performance was turned in by hard, up 12 to 25 cents a hundred pounds. This reflected firmness in loose hard, up 3/4 cent to 10 cents a pound. It was the best price in about three weeks.

Wheat closed 1/8 lower to 3/8 higher, corn 1/4 higher, oats unchanged to 1/4 higher, rye 1/4 lower to 1 cent higher, soybeans 1 to 1 1/4 lower and hard 12 to 25 cents a hundred pounds higher.

There was very little news to influence wheat. Final prices were off from the day's best. Main support seemed to be the fact Yugoslavia is scheduled to start purchasing 11 million bushels of wheat Tuesday.

Cold weather in the Midwest was a help to both corn and oats. Arrivals of corn were fairly large at 531 cars, but 269 belonged to the Commodity Credit Corp. Cash corn held steady.

Main drag on soybeans was the lack of any important export business. The harvest of this crop has been completed. Receipts have fallen off, Chicago obtaining 65 cars.

The Commerce Department estimated world soybean production this crop year at 763,900,000 bushels against 717,300,000 in the last crop year. In addition to the United States, Manchuria and Japan have produced larger crops.

E. ST. LOUIS LIVESTOCK

NATIONAL STOCK YARDS, ILL. (AP)—The Harry C. Daniels & Co. livestock commission firm has announced that it will appeal a four-month suspension by the Department of Agriculture.

The suspension was ordered in Washington last week on allegations that Daniels used proceeds for the sale of livestock consigned to him for sale on a commission basis for his own purpose.

The firm also was accused of overcharging consignors for feed and failure to render reasonable selling service to the sale of cattle. In a statement Sunday the firm called the charges "incorrect and unjust."

New York Stock Market

NEW YORK (AP)—The stock market Monday advanced to a new high in its current recovery drive. It was the market's third consecutive strong rise, but it lacked both the vigor and extent of the previous two.

Some of the steam was taken out of proceedings because New York security markets will be closed Tuesday for the election. Late selling by short-term speculators was evident.

The market opened higher with trading fast. The pace slackened from then on to the close, which was rather quiet.

Prices were up \$1 to around \$4, with a few stocks up a bit more, at the outside.

Steels and motors were mixed and the rise of the oils wasn't unanimous, but most of the rest of the market was higher.

The Associated Press average of 60 stocks was up \$1.10 at \$173.80. It was up \$1.70 Friday and \$2.20 Thursday. The industrial component gained \$1.40, rails were up \$1.00, and utilities were up 20 cents.

Volume amounted to 2,230,000 shares. That was 200,000 shares under Friday's total.

Brokers reported intense customer interest in the new Ford Motor stock which will be sold to the public next year. The Ford move was regarded as a vote of confidence in the stock market.

The American Stock Exchange was mostly higher on volume of 760,000 shares as against 850,000 shares Friday.

CHICAGO LIVESTOCK MARKET REPORT

CHICAGO (AP)—Feature of dealings on the livestock market Monday was the unloading of 29,000 salable head, largest for any day since 1946 and largest for November since 1931.

Steers and heifers dropped 50 cents to \$1.00. Some head were held over for later markets this week. Top on prime steers was \$24.25 and on prime heifers \$21.50.

Most choice and prime steers sold at \$18.50 to \$23.25 with good to prime heifers \$18.00 to \$21.00. Cows sold steady to 25 cents lower at \$9.25 to \$12.00 for utility and commercial. Vealers were steady to \$1.00 lower with \$24.00 the practical top.

In the hog section, where salable receipts totaled 14,000, butchers jumped 25 to 50 cents and sows 50 cents. Top was \$14.00, paid for 99 head.

Buyers went to \$13.25 to \$13.75 for most butchers scaling 190 to 230. Offerings weighing 240 to 280 sold at \$13.00 to \$13.25. Sows brought \$11.75 to \$13.00.

Salable sheep receipts totaled 4,000. Woolled lambs dropped 50 cents at \$17.50 to \$20.00 for good to prime kinds.

ROODHOUSE POST

PLANS SERVICES ON VETERANS DAY

ROODHOUSE — Members of Roodhouse American Legion Post No. 373 will assemble at home Friday, Nov. 11 at 10:30 for the Veterans Day Memorial Service to be held at the flag pole in the park at 11:00 a.m.

The monthly fellowship supper will be held Wednesday night at the First Baptist church followed by the church business meeting. The supper begins at 6:45 p.m.

The Barrow Baptist Mission Circle will meet Tuesday afternoon, at 1:30 in the home of Mrs. Virginia Spencer with Mrs. Mabel Akers as assistant hostess. Secret pals will be revealed.

The W.S.C.S. of the Methodist church will meet at the home of Mrs. W. W. Wilkinson at 2:30 p.m. Tuesday afternoon.

POULTRY MARKET

CHICAGO (AP)—USDA—Live poultry steady; receipts in coops 1,588 (Friday 1,097 cops, 196,489 lb); f.o.b. paying prices unchanged to 1 lower; heavy hens 21.5-25.5; light hens 17-19; broilers or fryers 20.5-22; old roosters 14.5-15.5; caponettes under 4 1/2 lb 24-25, over 4 1/2 lb 26-28.

IT PAYS TO ADVERTISE

TITO GREET'S DULLES—Yugoslavian President Tito, left, greets U. S. Secretary of State John Foster Dulles at Brioni, Yugoslavia. Dulles and Tito, conducting their first meeting, had a number of items on the agenda, including the problems of the Balkan treaty group: Yugoslavia, Turkey and Greece.

Can't Court - Martial Civilians For Crimes Committed In Service

(Continued from Page One) which took place before its passage.

Justices Reed, Burton and Min-ton dissented.

Toth, 24, now employed by the city of Pittsburgh, was the first civilian arrested under the law. He was arrested by Air Force police at a Pittsburgh steel plant May 13, 1953, where he then worked. Without receiving a hearing, he was flown back to Korea for court-martial.

A legal proceeding brought in Toth's behalf by his sister, Audrey M. Toth, prevented him from being placed on trial. U. S. District Judge Alexander Holtzoff ordered Toth returned and released. The U. S. Court of Appeals here over-turned Holtzoff and upheld the constitutionality of the law.

Toth has remained free under \$1,000 bond while the legal fight in

this behalf went on in the courts.

The Toth case involved the slaying of a South Korean civilian in Sept. 1952 after he was found wandering about an Air Force munitions dump. Two other Air Force men, still in service, were court-martialed.

One of them, Lt. George C. Schreiber of Hollywood, Ill., received a life sentence, but this was reduced later to five years. After the U. S. Court of Military Appeals affirmed the five-year sentence, the Air Force suspended the unserved portion of it and dismissed Schreiber from the service last May. He actually served 20 months.

The other, Airman I-C Thomas L. Kinder of Cleveland, Tenn., also originally received a life sentence but this was reduced to two years. He since has been restored to duty with the Air Force.

Interpreting The News

By J. M. ROBERTS
Associated Press News Analyst

The Soviet Union had made a special effort this year to include the new look, or sweetness and light campaign, in her observation of the 38th anniversary of the Red Revolution.

The annual parade, always looked forward to by Western observers for tips on Russian military advances, was strangely lacking in military emphasis.

Even Defense Minister Zhukov made only routine reference to the necessity for military strength, devoting much of his speech to industrial and political accomplishments and to "peaceful cooperation between states."

Deputy Premier Kaganovich pulled all the stops on the theme that Russians are serious in seeking peace.

At one point, however, he let slip what Western diplomats believe is the prime Communist objective in all this buttering-up. The suggestion that the West's "position of strength" interferes with amicable negotiations.

While all this was going on in Moscow, there was no suggestion from Geneva that Russia is prepared to do anything real for peace.

Secretary of State Dulles served further notice that the West has

not marched up the hill in Europe merely to march down again with its task incomplete. He obtained from Marshal Tito of Yugoslavia agreement that the Eastern European states, now satellites of Moscow, should be free of interference in their internal affairs.

Kaganovich said in his anniversary speech that it was not necessary for Russia to export revolution since it was occurring throughout the world because of natural forces. He did not say, however, that Russia would quit exporting it, and Russian officials have reiterated their "defense of the right" of East Germany and the satellites to Communist institutions. Dulles' enlistment of Tito's aid indicates that he intends to make it a more and more active issue.

Russia's talk of cooperation for peace will get a great many more listeners when she starts contracting, instead of continuing her expansionist policy as she is now doing in the Middle East.

BOLSHEVİK ANNIVERSARY

MOSCOW (AP)—The Soviet Union today celebrated the 38th anniversary of the Bolshevik revolution with a massive parade which played down Soviet military might. No new guns, armor or aircraft were displayed.

How Much Religion Can Be Taught In Public Schools?

ST. LOUIS (AP)—Churchmen and educators Monday tried to find an answer to the question of how much religion may be introduced into public school classrooms without teaching the beliefs of a particular faith.

The 200 attending the conference on religion and public education of the National Council of Churches devoted most of their time to 10 section meetings or study groups. Roman Catholic and Jewish groups are participating as observers at the three-day conference of the Protestant group, which ends Thursday.

Thomas H. West of the Church Federation of Greater Chicago, reading a tentative policy statement being drafted by a committee of the Chicago federation, said there is hope for an answer to the problem "eventually if not soon."

It is commonly stated by educators, West said, that it is possible to "teach about religion" within the framework of a democratic educational process. The statement read by West said:

"It is here asserted that people who have differing theological understandings of religion can agree about the practical ways in which religion functions in the lives of people. It is also asserted that this way of thinking about religion can be communicated without recourse to controversial theological definitions."

"In this approach there is hope that eventually if not soon a satisfactory reconciliation may be developed among those who are or have been in conflict."

TIME TO DELIVER?

DALLAS, Tex. (AP)—For a year, an East Dallas store has plastered its windows with a big sign: "going out of business." The other night someone lettered under it: "Promises! Promises! Promises!"

Shirley Chappell, Roland A. Amrhein Wed In New Berlin

Miss Shirley Chappell, daughter of Mr. and Mrs. William H. Chappell of New Berlin, and A.3.c. Roland A. Amrhein, son of Mr. and Mrs. Roland J. Amrhein, also of New Berlin, were married at 9 a.m. Saturday in St. Mary's Catholic church in New Berlin. Rev. Charles J. Fanning received the vows of the double ring ceremony.

Wearing a gown of broadened satin, the bride was escorted to the altar by her brother, William Chappell. The closely fitted bodice was designed with long tapered sleeves and pleated tulle yoke topped by a tiny standup collar, outlined with rhinestones. The bell shaped skirt, worn over hoops, revealed a fan of pleated tulle down the front, outlined with twin rows of rhinestones, and ending in a chapel sweep of train. A Juliet cap, edged with seed pearls held in place her fingertip of imported illusion. She carried a white orchid atop a prayer book.

Attendants were Mrs. Russell J. Korty, sister of the bride as matron of honor; Mrs. William L. Chappell, sister-in-law of the bride, and Miss Bernice Evelyn, bridesmaids; Robert Frank, best man; Edward Meier and Robert Fuchs, groomsmen; Christopher Heid, ring bearer; Barbara Chappell, sister of the bride, flower girl; Richard Chappell, brother of the bride, and John W. Conklin, ushers.

A wedding breakfast for the immediate families and wedding party at Hotel Dunlap in Jacksonville, was followed by a reception from 7 to 10 p.m. in the home of the bridegroom's parents.

Allmond Ryan Dies In Crossing Wreck South Of Alexander

Miss Allmond Ryan, 40, of Pomona, Calif., was killed and four other persons were injured in an automobile collision at 8:30 o'clock Monday morning, seven miles southeast of Alexander on a blacktop highway.

Miss Ryan, a former resident of the Alexander community, had been a guest in the home of Mr. and Mrs. Sam Camm of near Franklin.

Believed to have sustained head injuries, Miss Ryan lived only a short time after a collision which occurred at the Adams crossing. She was pronounced dead by Dr. Johnson of Waverly, who gave first aid to the injured.

Those injured and under treatment at Passavant hospital are: Mr. and Mrs. Earl Muckelston of Alexander; Mrs. Clara Camm, wife of Barnard Camm of near Franklin, and Mrs. Edward Toll, DeValls Bluffs, Ark.

Mrs. Muckelston is reported to have sustained a broken arm. Mrs. Camm was believed to have a broken shoulder blade and other injuries. They were undergoing X-ray examination Monday afternoon.

State police said a Pontiac driven by Mrs. Camm was traveling east, and Mr. and Mrs. Muckelston were traveling north in a Buick. Miss Ryan, daughter of Mr. and Mrs. O. E. Ryan of Pomona, Calif., was a passenger in the Camm car. The Ryan family lived in the Alexander community many years before moving to California.

Car Lands On Fence

The Camm automobile landed on top of a fence, and the Muckelston car came to a stop at the side of the highway. Both were badly damaged.

Mrs. Toll was reported to have been riding in the Camm car.

Ralph Herr, who lives near the scene of the collision, was first to arrive at the corner and render assistance. He was joined shortly by Donald Myers and A. K. Zachary of Alexander, among the first arrivals. Within a short time many persons had gathered at the place of the tragedy.

Officials Go To Scene

State Patrolman Clyde Vasconcellos of this city and Sgt. Joseph Sanders of Diverson rushed to the corner and rendered assistance.

Justice of the Peace Charles K. Warzar of this city, acting in capacity of coroner, went to the place of the accident and began an investigation. He announced late Monday evening that he had impaneled a jury at Franklin which will meet at a later date.

Two ambulances from the Neece Funeral Home at Franklin and the McCullough Funeral Home in New Berlin brought the injured to Passavant Hospital.

At the hospital, Mr. Muckelston's condition was reported to be "fair." He sustained injuries to the head and lung. Mrs. Muckelston is in "good" condition with an injured shoulder. Mrs. Camm is reported to have received possible fractures of the arm and leg as well as head injuries. Her condition is described as being "fair." Mrs. Toll received injuries to her hip, leg and arm. She also received lacerations about the head. She is in "fair" condition.

The body of Miss Ryan will be sent to Pomona, Calif., by plane from St. Louis tomorrow. It will be accompanied by two aunts, Misses Rose and Katherine Zeller of Springfield. Funeral services will be held there.

China Considering Renunciation Of Use Of Force

GENEVA (AP)—Western diplomats said Monday the United States and Red China are considering carefully issuance of a declaration in which Red China would renounce the threat or use of force in its relations with other states.

The wording under consideration would be in line with U.N. Charter provisions pledging U.N. members to refrain from the threat or use of force. As a U.N. member the United States is already so pledged. Red China is not in the United Nations.

U.S. officials declined any comment on the negotiations being conducted here between Ambassador A. Alexis Johnson and Ambassador Wang Ping-nan of Red China. The United States and Red China do not have diplomatic relations.

U.S. Secretary of State Dulles called last summer for a broad renunciation of force by Red China. He made clear that a satisfactory Peiping policy statement on that point would have to cover Formosa, Korea and Indochina as well as any other area in which Red China might become involved in the future.

Johnson presented the Dulles plan to Wang at one of their recent meetings here.

VOICE BROADCASTS JAMMED TO 'KEEP OUT POLLUTION'

WASHINGTON (AP)—Visiting Russian newsmen said Monday Voice of America broadcasts to the Soviet Union are jammed "because we do not like to have rotten goods imported into our country."

"That is the only reason," Boris Polevoy, head of the visiting delegation, declared in a copyrighted interview in the weekly news magazine U.S. News & World Report.

Polevoy compared the Voice of America radio broadcasts to laws which prohibit import of certain fruits or vegetables lest they pollute the soil.

"As I see it, it is for this same purpose of protecting our soil that we jam these various 'voices' which try to corrupt the air over our country," he said. "We jam them, so to speak, for purely hygienic purposes."

Miss Betty L. Johnson, daughter of Mr. and Mrs. Jesse Hull of this city, and Robert Wilson, son of Mr. and Mrs. Dean Wilson of Quincy, were married at 7 o'clock Saturday night by the Rev. Homer Brown in his home on South Memorial street in a double ring ceremony. The attendants were Mr. and Mrs. Roy Brown of Barry. The bride's gown was a street length cream colored broadcote and her attendant wore navy blue. Each wore an orchid corsage. The couple will make their home in Quincy where the groom is employed as lineman for a utility company.

At 8 o'clock the same evening the Rev. Mr. Brown officiated at the marriage of Miss Mary Jane Long, daughter of Mr. and Mrs. Freeman Long of Valley City, and Edward Allen Workman, son of Mr. and Mrs. Ivory Workman of Arenzville in a single ring ceremony. The couple were accompanied by a group of friends, including the mothers of both. Attendants were Mr. and Mrs. Louis Plummer, brother-in-law and sister of the bride. The groom is employed by a trucking company in Arenzville where they will make their home for the present with his parents.

Charge Woman Murdered Boys Who Ate Garbage

NEW ORLEANS (AP)—Police said a woman who promised a mother she would "get even" was booked with murder Monday night in the poison deaths of two New Orleans boys who died after eating food scavenged from garbage cans.

First District police identified the woman as Mrs. Mary Moss Falcon, 27, of Violet, La.

The two boys—William Baughman Jr., 7, and his 6-year-old brother, Lawrence, died within hours of each other Oct. 13. One of the boys died a few minutes after he told doctors he was hungry and asked for a ham sandwich.

The Orleans Parish coroner ruled the boys died of poisoning.

The boys lived with their parents and five other children in one room.

Police said Mrs. Falcon, whom they said also used the aliases of Mary Jackson and Mrs. William Hart, had a squabble with the boys' mother in September. The quarrel resulted in Mrs. Falcon losing her job as rent collector for the house in which the Baughmans lived.

Police said Mrs. Falcon told Mrs. Baughman at the time, "I'll get even with you somehow."

The Baughman family was in dire financial condition and neighbors said the boys scavenged from garbage cans.

The father of the boys had been ill and was unemployed at the time of the boys' death. The family had been living on a \$7-a-week allowance given by a Roman Catholic church.

3,800 POUNDS CONDEMNED BEEF DESTROYED
SPRINGFIELD, Ill. (AP)—Illinois Agriculture Department inspectors destroyed 3,800 pounds of condemned beef from an Elmhurst slaughterhouse over the weekend. Director Stillman Stanard said Monday.

In his announcement, Stanard said Joseph Koehoefer and Orest Deligianis, operators of the Clover Leaf Packing Co., pleaded guilty to charges of possessing and intending to sell meat butchered from diseased animals.

Wheaton Justice of the Peace Arthur E. Karstens fined the men \$200 and costs.

REALISTIC DRAWINGS FOOL CHICAGO POLICE

CHICAGO (AP)—John Devereaux's crayon drawings were so realistic they fooled police.

Devereaux, 21, a shipping clerk, made his own city auto sticker to save the \$30 annual fee. When his auto was found abandoned in a no-parking zone, police tried to trace him through the number on the sticker.

The number led to another car owner. Only then did the police note that Devereaux had mispelled the last name of former Mayor Martin Kennedy on his sticker. They finally traced him through his state license tag.

In traffic court Monday, Devereaux also explained about two cards found in his car — also a product of his crayon box. He said he stuck them in the car window to make parking in no-parking zones easier.

One card read, "Parking Meter Maintenance."

The other, proclaiming "Clergy—St. Michael's Parish," was much more effective, Devereaux said. He never got a parking ticket when he used that.

The three violations against Devereaux were continued one day.

CRIME CHECK

WASHINGTON (AP)—A policeman on every downtown corner is the way Washington hopes to discourage a seasonal upsurge in purse-snatching, shoplifting and pick-pocketing.

But a roving group of plainclothesmen also will be on the streets during the yuletide shopping season to help check crime.

GUESTS FROM ALTON

Scott County To Elect Two Commissioners

WINCHESTER—Voters of Scott County will elect two County Commissioners at the election today.

George H. Evers of Winchester, who is seeking re-election as the Republican candidate, is opposed by Oscar B. Boston of Manchester, the Democratic candidate.

In the special election which is being held to elect a commissioner for the unexpired term of the late Elmer G. Vortman, Albert L. Day is the Republican candidate and Harold Oakes of Bluffs is the Democratic candidate.

Scott County voters will also vote on a proposition which would authorize a tax levy of .17 per cent for general corporate purposes of Scott County for the years 1955 to 1964. This proposition would make it possible to increase the general county tax levy from .12 per cent to .17 per cent. The increase in the general county taxes has been made necessary because of increased salaries of county officers and other expenses which have increased without any additional tax funds to provide for the increase in expenses.

The polling places will open at 6 a.m. and close at 5 p.m. in the 15 voting precincts throughout the county.

Band Auction

Frank Redshaw, treasurer of the Band Boosters Club, has announced that 445 dollars was taken in at the auction to benefit the Winchester High School Band Saturday. Band director Tom Springer said that this amount would be used to purchase a set of tympani, the cost of which would be approximately that amount. Mrs. Russell Wilson was chairman of the event and Stanley A. Day donated his services as auctioneer. The ways and means committee which assisted included Mrs. Fred Edwards, Mrs. Arthur Cloyd, Frank Redshaw, Mrs. Raymond Long and Mrs. James Dwyer. Mrs. George Roosa and Lloyd Martin also helped with soliciting.

Rebekah Guest Night

Mrs. Ina Brock of Carrollton served as guest Noble Grand at the Guest Night meeting of Pioneer Rebekah Lodge held Friday evening, November 4.
